Quitting Rush Is Locking Up Johnson's Bills

WASHINGTON (AP)—Flushed with adjournment fever, Congress is getting ready to lock the cold storage vault on a dozen major administration legislative proposals on its way out of town.

After a huddle with Senate Democratic Leader Mike Mansfield and Republican Leader Everett M. Dirksen Monday, House Speaker John W. McCormack announced a quitting goal of Oct. 22. He said the final curtain might be pulled even before then.

Later, McCormack and Mansfield met at the White House with President Johnson and Vice President Hubert H. Humphrey.

Rough Going

Before going to the White House, McCormack had conceded there is rough going ahead to try to get agreement by both houses on the form of such legislation as the demonstration cities bill, unemployment compensation, truth in packaging and the funding of Teacher Corps salaries.

Even if the Democratic leaders succeed in getting these whipped into shape, the election year Congress will leave behind a sizable number of administration measures.

The Senate gave Johnson some trouble with his spending budget when it passed Monday a \$4.4-billion higher education bill ballooned \$1.1 billion beyond his requests. The actual appropriations, however, remain to be determined in a later catch-all money bill.

In acting on the measure the Senate scuttled Johnson's request for District of Columbia home rule, refusing to limit a filibuster threatened but never started by Southerners against an elective government in a city 63 per cent Negro in population.

This and some other issues were left behind which Johnson may try to ignite in 1967.

These include the civil rights bill and the measure to eliminate state laws on the union shop — both killed by the Senate.

Into Deep Freeze

A gun control bill, truth in lending and at least three or four health programs the President recommended are going in the deep freeze, along with a Senate-passed wild rivers measure.

Johnson's proposed election law reforms, electoral college changes and four-year terms for House members got nowhere. Congressional redistricting was left for 1967.

The President talked about easing East-West trade restrictions and the House responded by voting to prohibit bargain-price sales of U.S. farm commodities to nations that trade with North Viet Nam or Cuba.

This has hung up food for peace legislation, although it probably will be rescued before adjournment.

Congress paid no attention at all to a presidential recommendation to boost user taxes to provide more revenue for highway building.

Weather

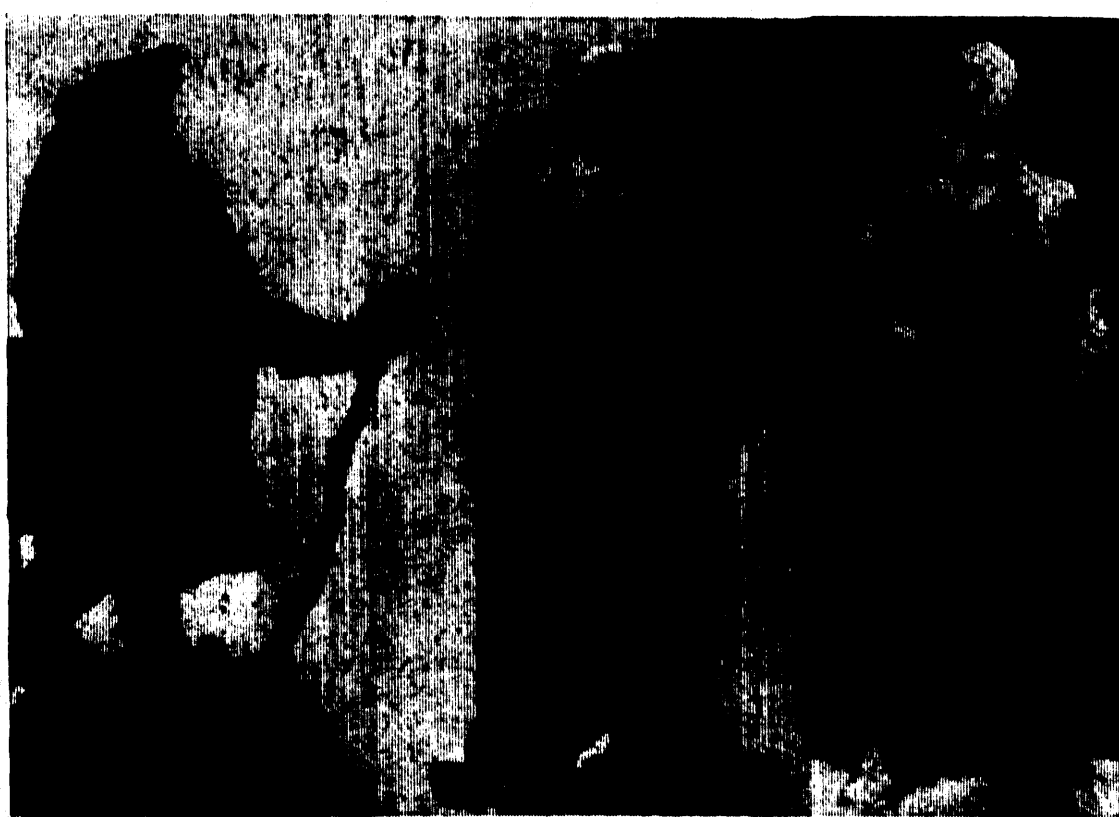

By The Associated Press

ESCANABA AND VICINITY—Variable cloudiness, windy and cool today with chance of showers, high in mid-50s. Clearing and cooler tonight, low in mid-30s. Wednesday partly cloudy, continued cool, high in upper 50s. West to northwest winds (15 to 25 mph) today, diminishing tonight. Thursday outlook: warmer. High yesterday, 36 and low overnight, 30. Precipitation probabilities: today, 30%; tonight, 10%; Wednesday, 10%.

Upper Peninsula—Mostly cloudy, windy and cool with chance of brief showers in east portion this afternoon. Clearing and cooler tonight with frost likely. Partly sunny and warmer Wednesday. Low tonight 26 to 33. High Wednesday in mid and upper 50s.

The sun sets today at 6:10 p. m., and rises Wednesday at 7:01 a. m.

TODAY MARKS the 240th anniversary of Benjamin Franklin's permanent move from Boston to Philadelphia and these three statues in Philadelphia are part of the Quaker city's tributes to its adopted son. Franklin statues in Philadelphia outnumber those erected to the city's founder, William Penn. Statue at far right, illustrating Franklin's kite and key experiment, is only statue depicting him as a scientist. (AP Wirephoto)

Hurricane Inez Dies Out After 18-Day Blow

MIMAU, Fla. (AP)—As Hurricane Inez whirled toward her death over Mexico today, U.S. weathermen waved a thankful goodbye to the most unpredictable storm ever to come screeching at them out of the tropics.

Inez wasn't the most wicked, and she wasn't in the hair of the forecasters as long as some — although it seemed like it.

But it took every trick of the inexact science of hurricane forecasting — and maybe just a little bit of luck — to call the shots on her.

It was 18 long, uneasy days from the time a U.S. weather satellite snapped the first picture of Inez off the west coast of Africa Sept. 23 until she smashed ashore in Mexico.

Inez did what the forecasters said she would do until she hit Cuba. After that, her moves were contrary to almost every expectation.

Never before had a hurricane whipped into a hairpin turn so close to Florida that gale winds were already beating at the coast. Others had looped well out in the Atlantic, giving ample time for warnings to newly threatened areas.

No hurricane ever traveled straight down the chain of Florida Keys, bringing every little island into the weird calmness of her eye.

And none ever came from Florida to travel west-southwest to Mexico's Yucatan Peninsula. Considering all these capers, the Weather Bureau emerged with a good record. Guadeloupe, the Dominican Republic, Haiti, Cuba, and Mexico — every target area but Florida — had 36 hours warning.

Brown Asks UN Peace Support

UNITED NATIONS, N.Y. (AP)—Despite Communist rejections, British Foreign Secretary George Brown was expected to make a new appeal for support for his Viet Nam peace plan today in a general policy speech before the U.N. General Assembly.

North Viet Nam and Red China rejected Brown's peace proposals in broadcasts today and repeated their demand for withdrawal of U.S. troops.

The foreign secretary sought American reaction to his plan at an hour-long meeting late Monday with U.S. Ambassador Arthur J. Goldberg.

Goldberg later told newsmen the United States was giving "very thoughtful consideration" to Brown's proposals.

Brown arranged to confer a second time with Soviet Foreign Minister Andrei A. Gromyko later today in an apparent effort to get the Soviet Union to soften its position on his peace efforts.

Brown unveiled his peace plan last Thursday at the British Labor party's annual convention in Brighton, England.

It calls for: A peace conference with the Viet Cong participating. A halt to the bombing of North Viet Nam and a pullback of United States and North Viet Nam forces.

A political settlement based on the 1954 Geneva agreements providing for free elections in North and South Viet Nam within two years.

Williams In U.P. For 2-Day Swing

By The Associated Press
Menominee, Escanaba and Marquette.

Menominee, Escanaba and Marquette.

The one important poll will be the one taken Nov. 8 on election day," Williams said Monday after learning he had dropped 2 per cent in the poll.

The poll, published in a copy-righted story in The Detroit News, showed Sen. Robert P. Griffin, R-Mich., leading in the Senate race with 51 per cent support.

Williams was given 46 per cent—a drop from the 48 per cent shown in support of his candidacy a month earlier.

Griffin's percentage remained the same as before. The Williams drop occurred with a corresponding increase of 2 per cent in those undecided.

"The poll is encouraging," Griffin said, "but it gives us no reason to relax."

Griffin's shock hands with commuters Monday on a train from Pontiac to Detroit.

Griffin, who was in Washington today, planned to appear tonight on a television at a Detroit television station.

Joining him tonight will be Gov. George Romney, who told voters in Battle Creek and Kalamazoo Monday that the Michigan Republican party has shed its image as the "big business party."

Romney said it's the Democrats now who are "special interest" oriented.

His opponent for gubernatorial election, Democratic State Chairman Zolton Ferency, was ordered Monday to leave an entrance to the General Motors Building in Detroit.

A guard told Ferency, who was greeting office workers, that soliciting wasn't allowed. Ferency left and greeted workers at two auto company plants in Detroit before speaking to a Democratic dinner.

Bandits Strike
DETROIT (AP)—Three armed men held up Myrtle's Market in Detroit Monday and fled with \$225.

Showdown For Indiana Dunes

WASHINGTON (AP)—A long-controversial bill to establish an Indiana Dunes National Lakeshore reaches the showdown stage today in the House.

Backers of the bill were hopeful their project would at long last win complete congressional approval. But they were making no predictions.

Absenteeism in these waning days of the 89th Congress, they indicated, could be a factor in determining the result of the vote to follow a scheduled two-hour debate.

The bill, which was passed by the Senate last year, has the backing of the administration as conservation measure. The dunes, some rising 100 and 200 feet above Lake Michigan and formed by the last great ice age, are regarded as unique.

On the other hand there is much local opposition to the proposed conservation and recreation area. Figuring prominently in this area is Rep. Charles A. Halleck, R-Ind., in whose district most of the park would be located.

US-Soviet Agree On Nuclear Limits Need

Michigan Gets \$133 Million In New Road Fund

WASHINGTON (AP)—The Commerce Department apportioned among the states Monday the \$4.4 billion in federal highway funds approved by Congress more than a month ago for the next fiscal year which ends June 30, 1968.

An apportionment merely puts the states on notice of the amount of federal aid to which they are entitled in any specific year. The apportionment for the current fiscal year was \$4 billion.

Michigan's interstate system will have \$133,067,415—of which \$100,339,984 will go toward its interstate system and \$32,727,431 for primary, feeder and urban highways.

The department's Bureau of Public Roads said the new apportionment includes \$3.4 billion for the Interstate Highway System and \$1 billion for other federally aided roads.

At the same time the bureau said states can obligate \$1 billion of the 1966 apportionment immediately in new highway contracts. The states already have \$1.3 billion in unused contract authority.

The action has no bearing on the administration's program to cut spending by \$3 billion during the current fiscal year as an antiinflation measure. But officials said the program can be slowed later if the administration so decides.

The action is routine for the bureau which must insure a solvent highway trust fund every June 30. This is why states are permitted to obligate only a part of the funds at one time.

There's always a lag between the time a contract is awarded, work is completed and funds are actually paid from the federal trust fund which is fed by gasoline and other highway user taxes.

Stocks Rally Carries Over

NEW YORK (AP)—The stock market rallied briskly again today with many glamor stocks making wide recoveries. Trading was heavy.

At 10:30 a.m., just after the market had opened, the Dow Jones industrial average was up 6.68 points at 761.19.

Blue chips also did well in the early rally which carried over from Monday's best showing in almost a month.

The market surged back from early losses Monday to close with a net gain of 10.19 points at 754.51 in the Dow Jones average.

Swartz Creek woman inherits \$1.6 millions

GRAND HAVEN, Mich. (AP)—It reads like a movie script: A small-town housewife who was an adopted child inherits \$1.6 million from an uncle she never knew.

But it actually happened to Rosemary Jelneck, 42, who, although she's elated, says: "We're going to go on living just as we always have."

Until recently, Mrs. Jelneck's life centered on her husband, their two sons and the two-story white, frame house with a fireplace in which she and her family live in Swartz Creek, a southeastern Michigan community of 3,000.

But Monday Probate Judge Fred Niles of Ottawa County ruled Mrs. Jelneck was the only heir to the estate of Arthur S. Kruse, a Chicago insurance executive.

Kruse was a man "I cannot recall I ever heard of," said Mrs. Jelneck, who several weeks ago had no idea she was an adopted child and a niece of Kruse, 67, a bachelor who died near here last March.

Mrs. Jelneck is the child of Kruse's sister, Ann Corbin, who put her up for adoption almost immediately after her birth in 1924. When Kruse left no will, the estate was expected to be divided among six cousins, but then the administrators found Mrs. Jelneck.

Kruse, a vice president of the Combined Insurance Company of America, capitalized on 100 shares of stock bought for \$5,000 in 1931. Stock splits and dividends increased his holdings over the next 35 years.

Gordon Cunningham, Mrs. Jelneck's attorney, describes her and her husband, Calvin, a petroleum products dealer, as "sort of average citizens" in the "uppermiddle income" bracket with Jelneck "successful in his own business."

Mrs. Jelneck may not receive the money until late next year or early 1968, he said. "There's state and federal taxes to be taken care of," he said. "It will be a year to 15 months from now until the matter is completed." The taxes will take "probably better than 50 per cent" of the estate, Cunningham said. "It will be a substantial amount."

SECRETARY OF DEFENSE Robert McNamara talks with Gen. William Westmoreland, commander of U.S. forces in Viet Nam, at briefing in Saigon Monday. McNamara arrived earlier in the day on a fact-finding mission. His eighth visit to Viet Nam. (AP Wirephoto by radio from Saigon)

Copter Troops Wipe Off Cong

SAIGON, South Viet Nam (AP)—A band of Viet Cong guerrillas answered an American demand to surrender with a hail of bullets today, and an encircling force of U.S. helicopter troops wiped them out.

A U.S. spokesman said 1st Division cavalrymen killed 33 Viet Cong and captured eight in a five-hour engagement near the central coast 28 miles northwest of Qui Nhon.

It was the only ground action of any size reported as U.S. Secretary of Defense Robert S. McNamara met with South Vietnamese and U.S. military leaders to discuss the progress of the war.

Reliable sources said the American military men asked for more combat troops and that much of the day's discussion was devoted to logistics, with emphasis on the bottleneck at the port of Saigon. McNamara drove at noon through the port area, which is jammed with supplies and scores of freighters waiting for unloading berths.

The air offensive against North Viet Nam showed no let-up with American pilots flying 116 strike missions Monday. They concentrated on Communist truck convoys.

The fight against the dihard Viet Cong on the marshy coastland began at dawn, a U.S. spokesman gave this account of the action:

A helicopter-borne unit of the 1st Cavalry, Airborne, Division spotted five Viet Cong in a rice paddy. The helicopters landed a platoon of cavalrymen who killed four Viet Cong and took one prisoner.

Helicopters flew in two more companies — about 350 men — of U.S. cavalrymen who formed a noose around other Viet Cong guerrillas spotted in the area. A U.S. officer called on the encircled Viet Cong, described as a "local force," to surrender.

The Viet Cong replied with a hail of bullets. In the ensuing firefight, the helicopter troops killed 29 more Viet Cong, captured seven more, and seized 15 suspects.

The engagement was part of the cavalry's Operation Irving, which began Oct. 2 as a combined action on the central coast with South Vietnamese forces on the west flank and South Korean troops pushing up from the south.

In the 10 days of fighting, the U.S. cavalrymen have reported killing 470 North Vietnamese and Viet Cong and taking 503 prisoners.

Lead Price Cut
NEW YORK (AP)—American Smelting and Refining Co. announced it has reduced its price for lead from 15 cents a pound to 14 cents, effective immediately.

Johnson Set Stage
The President thus went into the meeting Monday in position to emphasize an active U.S. concern with improving relations and to urge that the Soviet government take responsive steps.

The Soviet Union has rebuffed numerous approaches made by other countries, among them Britain and France, to play an active role in peacemaking and it is supplying arms and military equipment to North Viet Nam.

Nevertheless, American officials say privately they are convinced that the Soviets would like to find some way to bring the war to an end when they think the time is suitable.

Today's Chuckle

Expect Treaty Talks Will Be Resumed Soon

WASHINGTON (AP)—Soviet Foreign Minister Andrei A. Gromyko says after meeting with President Johnson "it looks like both countries are striving to reach agreement" on a treaty to prevent the spread of nuclear weapons.

The State Department promptly agreed with Gromyko's appraisal.

Soviet-American talks on the nonproliferation question reportedly will resume in New York within a few days with William C. Foster as the likely U.S. negotiator. He is head of the Arms Control and Disarmament Agency.

After Gromyko met at the White House with Johnson for an hour and 45 minutes and had a 2½ hour dinner meeting with Secretary of State Dean Rusk at the State Department, sources said both sides are in agreement that a nonproliferation agreement is desirable.

In general, under such a nonproliferation treaty, the nuclear countries would agree not to sell or give away nuclear weapons. And under the international pact, non-nuclear countries would agree not to acquire such weapons.

Friendly Relations?
Gromyko's meetings with Johnson and Rusk provided fresh evidence that a new era of friendly relations is opening up between the United States and the Soviet Union.

They could lead, in addition to the nuclear nonproliferation pact, to parallel reductions of American and Soviet forces in Europe, to increased U.S.-Soviet trade and travel and perhaps, as officials here hopefully believe, to eventual Soviet peace-making efforts in the war in Viet Nam.

Asked Monday night if he had discussed Viet Nam with Johnson at the White House meeting, Gromyko said in reference to his nonproliferation comment "what I said was positive on what we discussed."

Asked if the question of troops in Europe was brought up, he said "I did not mention troops in Europe."

Non-Committal
An announcement issued by the White House press office after the conference broke up said only: "The President and Foreign Minister Gromyko had a frank and wide-ranging discussion in a businesslike atmosphere. They discussed a number of subjects of mutual concern."

Contrary to frequent practice the subjects were not disclosed. Also contrary to frequent practice when the President confers with high foreign officials, Gromyko entered and left the White House by a door remote from the lobby where reporters were waiting.

Gromyko made no effort to avoid newsmen as he left the State Department after his 2½-hour dinner meeting with Rusk.

Johnson had set the stage for his meeting with Gromyko in a speech in New York three days earlier when he called for reduction of forces in Central Europe, announced a reduction in export controls on East-West trade and said, among other statements clearly intended as overtures for better relations, that he would press for early congressional action on a pending U.S.-Soviet consular agreement.

The President thus went into the meeting Monday in position to emphasize an active U.S. concern with improving relations and to urge that the Soviet government take responsive steps.

The Soviet Union has rebuffed numerous approaches made by other countries, among them Britain and France, to play an active role in peacemaking and it is supplying arms and military equipment to North Viet Nam.

Nevertheless, American officials say privately they are convinced that the Soviets would like to find some way to bring the war to an end when they think the time is suitable.

Free Drugs For Elderly Urged

Congressman Raymond F. Cleveland said today that the Medicare law should be amended to provide for payment of prescription drugs to outpatients.

"This is a serious gap in the protection now afforded elderly people against the crushing burden of medical expenses, and I will support efforts to close that gap," he said.

Cleveland, 40-year-old Sault Ste. Marie Democrat, is seeking re-election to the 11th Congressional seat he won in 1964.

Cleveland noted that more than 51,000 persons 65 and over in the 11th District are covered by the basic program of hospital insurance that went into effect on July 1.

"And more than 90 per cent of these people also have signed up for the Part B Supplementary benefits program which helps them pay their doctor bills and other medical expenses not covered by the hospital insurance program," he pointed out.

This response demonstrates Medicare was needed, he added.

Prescription drugs are covered under the basic hospital insurance program when the patient is in the hospital. After Jan. 1, drugs will be covered when the patient is in a nursing home, but once he is discharged he is on his own.

Dr. Augenstein To Speak Here

Dr. Leroy Augenstein, head of the Biophysics Department at Michigan State University, will deliver a provocative address on scientific knowledge and moral decisions on Wednesday, Oct. 19. He will examine the forefront of research in human genetics, major extensions of life, the use of brainwashing in the projected cure of psychosis and personality changes.

The need for greatly advanced understanding by society, so that proper decisions can be made regarding the application of such research, will be explained. Science is learning to control heredity and personality and questions evolve on who should make decisions regarding personality and inherited qualities, and what values can be used for limiting guidelines in the application of such knowledge.

The talk will be open to the general public at a nominal charge. College students will be admitted free as part of the lecture concert series. The talk will be held at Bonifas Auditorium at 8 p. m. Aug. 19.

Dr. Augenstein received his Ph. D. from the University of Illinois in 1956. He has been connected with the U. S. Atomic Energy Commission and was Science Coordinator for the Seattle World Fair. Last December he attended NATO conference in Paris and Dusseldorf. He is married and has one son.

He was an X-Ray technician in the U. S. Army during the Korean conflict.

Board Recesses Until Thursday On Health Plan

The County Board of Supervisors, its Ways and Means committee laboring under a pair of controversial items, recessed its October meeting Monday to 7:30 p. m. Thursday to allow the committee time Wednesday night to iron out its problems.

Action on a Community Mental Health program involving Delta, Marquette and Alger counties and on adjustment of deputies salaries in the Sheriff's Dept. appeared to be the major problems.

Delta County has been included in the mental health plan proposed by Marquette County and approval by the Board of Supervisors and ap-

Senate Approves Funds For Sault Airbase Building

WASHINGTON (AP) — The Senate passed by voice vote Monday a bill appropriating more than \$96 million for military construction projects, including \$473,000 for two Michigan projects.

The total is \$32.8 million less than the House voted. The difference between the Senate and House bills will have to be worked out by a conference committee.

The measure provides for \$15,000 in construction at the Sault Ste. Marie Air Force station and \$365,000 for Wurtsmith Air Force Base at Oscoda in Michigan.

Briefly Told

There will be a square dance workshop Wednesday at 8 p. m. in the Eagles Hall.

Bay de Noc Engineers Club will meet Thursday night, regular time and place.

Persons wishing to donate to the rummage sale sponsored by the Holy Name Parents Club are asked to call Mrs. Ray LaPorte at ST6-1673 or Mrs. Earl Veldman ST6-6776 for pickup or take directly to the exhibition building at the fairgrounds.

There will be a reorganization meeting of the Washington School Pack 416 tonight at 7:30 p. m. at the school. This program is for all boys age 8 to 11 and all boys must be registered. This meeting is for parents only and both parents are asked to attend if possible.

Robert Borwegen, 36, of Engle Rte. 1, entered a plea of guilty in Justice A. J. Mortier's court at Gladstone on Monday to a charge of hunting and shooting at ducks from a motorboat and was ordered to pay a fine and costs of \$25. He was arrested on Moe's Lake in Nahma Township by Conservation Officer Tom Safford Monday noon. Borwegen's shotgun was returned to him.

In Service

Jerome Shiverski, son of Mr. and Mrs. Steve Shiverski of Ferronville, has been promoted to Lance Corporal in the U. S. Marine Corps. He is serving in G Company, 28th Marines, and has returned to Viet Nam after being hospitalized at Okinawa. He has received two purple hearts.

Seaman Recruit William E. Jennings, USN, son of Mr. and Mrs. Jay C. Jennings, Rte. 1, Gladstone, is undergoing 10 weeks of basic training at the Naval Training Center, San Diego, Calif. He is a 1964 graduate of Escanaba Area High School. William's brother, Charles, of East Lansing, is a radar specialist aboard the USS Wake in the South China Sea.

Emphasize Fire Safety Needs

Fire brings a tragic waste of lives and property—but fire prevention can mean conservation of natural resources and lives and property saved.

This is Fire Prevention Week nationally, and proclamations directing attention to the need for fire safety have been issued by President Johnson and Gov. Romney.

"The toll of life and property occasioned by fire has been sharply reduced in those communities where fire prevention programs have been conducted," the President said in his proclamation.

Gov. Romney has joined with fire fighting officials throughout Michigan in an appeal for cooperation in helping reduce the high cost of fire.

One of the surest ways to reduce fire danger is to check for fire hazards in the home, place of business, shops and other buildings. The removal of these hazards brings greater peace of mind and the knowledge your safety and that of others is being promoted, fire authorities reported.

Fire Chief Herman Palmgren of Bark River asked the cooperation of residents of the Bark River-Harris area to remove fire hazards from homes and other buildings as part of the observance of Fire Prevention Week.

Escanaba Fire Chief Nels Bergeson is directing attention to the need for prevention measures, and fire safety information (including a check list for homes) is being distributed to parents through the schools.

Gagne, Kleikamp Of Wilson Now In U.S. Army

Two young men from Wilson enlisted at the U.S. Army Recruiting Station in Escanaba recently. They are Dwight Gagne and James Kleikamp, who have been friends and companions during their school years and enlisted in the Army under the "Buddy" system that will assume them an assignment to the same unit during basic training.

Both men have selected and are guaranteed automotive maintenance as their choice of advanced training and it is quite possible they will remain together during their entire enlistment, said SFC Nelson Sebring, Army recruiter.

Dwight Gagne and James Kleikamp are graduates of the Powers-Spalding High School. Gagne has two brothers who are serving in the Michigan National Guard.

NOTICE

The BAY DE NOC COOPERATIVE will hold its ANNUAL MEETING on WEDNESDAY, OCT. 19th at 8:00 P. M. at the AMERICAN LEGION HALL, on N. 23rd St. (Opposite the Fair Grounds.)

All members are urged to be present as well as any individuals from town or country who are interested in the workings of a cooperative.

Featured speaker is Mr. Glen Thomson, Director of Membership and Public Relations Department of Midland Cooperative, Inc. An interesting movie will be shown and refreshments are FREE. Many valuable Door Prizes. Win a Refrigerator.

BE SURE TO COME . . . REMEMBER THE DATE: OCT. 19 at 8:00 P. M.

College Trustee Voting Draws 8

A full field of candidates was assured for the Nov. 8 election of trustees of Bay de Noc Community College when the deadline for filing nominating petitions at the college expired at 4 p. m. Monday.

There are four trusteeships to be filled in the election and there are 8 candidates certified as nominated.

Arthur Slaughter, state geologist in the Upper Peninsula who was a member of the study committee that created the college and who has been serving by appointment as a trustee since the resignation of Trustee Dr. Albert Jenke in 1964, was certified nominated for the unexpired term of Dr. Jenke. Four years remain.

He will be unopposed on the ballot.

There were seven nominees for the three full six year terms to be filled. Only one of the nominees, Robert Groos, Route 1, Gladstone, is an incumbent. The other incumbent, James Dotch of Gladstone, did not seek re-election and one of the three offices is newly created by the State Legislature.

The nominees, besides Groos, are Carl J. Ahlin, Route 1, Bark River; Dr. Donald W. Allment, D. V. M., of 1230 Lake Shore Drive; Arol E. Beck, 908 7th St.; George C. Easton, Jr.,

Delta Girls Win Dormitory Vote At Sault College

Co-eds residing in Hillsdale Hall, women's dormitory at Lake Superior State College, Sault Ste. Marie, recently elected Diane Ducheny, daughter of Mr. and Mrs. Armand Ducheny, 414 Dakota Ave., Gladstone, president.

Darlene Gustafson, daughter of Mr. and Mrs. Carl Gustafson, 1130 Sheridan Rd., Escanaba, was elected secretary-treasurer.

Miss Ducheny is a sophomore and Miss Gustafson is a freshman. Both are enrolled in the four-year program of medical technology.

Powers-Spalding

The Spalding Township Fire Department was called to the Odes Fleetwood farm south of Spalding Saturday about 8:30 p. m. A natural gas explosion caused extensive damage to the furnace and hot water heater. Registers and windows were blown out. Mr. and Mrs. Richard Britton and children occupy the house but were not at home at the time of the blast.

RALPH S. KAZIATECK, General Manager JEAN WORTH, Editor

Welcome To Eaton

Gladstone and Delta County are host today to the top officials of Eaton Yale & Towne Inc., here to dedicate the big industry's newest factory, a unit of its Dynamic Division in Gladstone.

Eaton bought the former Marble Electric Co. plant from Bell & Gossett, doubled its size and has now built a huge new plant which triples the size of the doubled factory. It is now employing 125 persons and it aims to have 300 employed within a year, producing electric motors and components for its mechanical power transmission products like sheaves and pulleys at Gladstone.

It is our hope and full expectation that Eaton will find in Gladstone and this area a situation as suitable for modern industrial activity as it is attractive for residence. Our people are noted for their industry and are, we're sure, anxious to develop the skills that are necessary for a new era in which metalworking will take the place of some of the woodworking which has for so long been a chief support of the community.

We count ourselves fortunate in having impressed Eaton sufficiently with the potential for industrial growth here to have induced them to make the large investment which they have made in Gladstone. We hope that they will supplement their training program in the skills that they need for their manufacturing processes with some friendly communication on what's necessary in manufacture here to enable them to compete in the markets where Gladstone-made products will be offered for sale.

This last is a companion lesson to the lesson in job skills which seems hard to teach at times. But there is not much point in making an industrial product if it cannot be sold at a profit, and the worker knowledge of the facts of life in the industry are a contribution to job security.

Gladstone got this valued industry because Eaton could use the electric motor-making facilities of the Marble Electric plant so the community builds on its past. It got the huge addition to this plant because Eaton bought the Worthington sheave and pulley production business for its mechanical power transmission operation.

The opportunities which this operation open up to Gladstone are huge. It is a big leap forward for the community into a phase of modern industry with a very bright outlook, and in association with a company which has a spectacular record of growth. Eaton Yale & Towne Inc. has 80 factories around the world producing a great variety of machinery and components. Fifty-six of these plants are in the United States.

Gladstone now joins this big family and the new relationship will give the community strong new influences. It now has a big modern manufacturing establishment and is part of an international complex. Its job market has suddenly been greatly invigorated by openings for many new skills. Its community outlook has been affected by the prospect of increased income so that its interest in education, in available sites for new homes and in the whole spectrum of community desire is enlarged and enlivened.

Mr. E. L. Ludvigsen, president of Eaton, and his associates have paid Gladstone a fine compliment in building their newest plant there and today Gladstone and Delta County say a most sincere "Thank you!"

Gemini 12 Set To Go Nov. 9

CAPE KENNEDY, Fla. (AP) — The National Aeronautics and Space Administration announced it has scheduled the launch of America's Gemini 12 rendezvous and space-walk mission for Nov. 9.

Gemini 12 pilots James A. Lovell Jr. and Edwin E. Aldrin Jr. are to rocket aloft at 3:25 p.m. (EST) Nov. 9, 98 minutes after an Atlas-Agena target rocket blasts off from a neighboring launch pad.

The four-day Gemini 12 mission will include two work periods outside the spacecraft by Air Force Maj. Aldrin, NASA said.

News media have been carrying the Nov. 9 date for several weeks. NASA has a policy, however, not to officially announce the dates of manned launches until 30 days in advance.

cinch contract. There are nine top tricks in sight.

But South has a normal heart opening and North a normal raise to two hearts. As for South's jump to four hearts we assume that it meets with complete approval of all bridge players.

There also is no good play for four hearts. Dummy's doubleton spade is useless because South also holds a spade. The jack of spades is of no value. The four trumps are nice but they aren't needed to solidify South's trumps and they just can't ruff anything.

There is one ray of light. West opens the king of clubs which South assumes is from a suit headed by king-queen. The jack of clubs has become a problem winner and a Bath coup situation has developed. South must let the king of clubs hold the first trick. West continues, South must finesse the jack and discard something on the ace of clubs.

The play may not work. Unkind people sometimes lead the king without having the queen to back it up. In that case East would win the second club and South would be down two instead of one. Or clubs might break 6-1 or 5-2. In the first instance East would ruff the second club. Once more South would be down two. In the second case East would ruff the third club and South would still be down one.

All this is possible but beggars can't be choosers. South must duck that first club to give himself the chance to make his contract.

Q—The bidding has been: West North East South
Pass 1 ♥ Pass 2 ♠
Pass 3 ♥ Pass 2 ♠
You, South, hold:
♠ A K 10 5 ♥ 7 6 3 2 ♦ Q 8 3 2 ♣ K Q 10 9
What do you do?
A—Bid three spades. You want to show clearly that you hold five spades. This bid is at least five clubs also.

TODAY'S QUESTION
Your partner continues to four hearts. What do you do now?
Answer Tomorrow

"On Closer Examination—"

All You Fat, Lazy Smokers Are Courting Early Death

By Michigan Heart Association

Are you a middle-aged male, overweight, a heavy smoker of cigarettes, with an elevated blood cholesterol level and high blood pressure?

Are you physically indolent—in a word, lazy—and have any of your close relatives died young from heart disease?

Are you neglecting diabetes? If you must say yes to three or more of these factors you have an excellent chance to suffer a heart attack, says the Michigan Heart Association.

You are what is known in medical circles as "coronary prone," a condition which will excite no envy among professionals dealing with human illness.

Defining this is simple. The more risk factors you have, the greater your danger, a danger that begins to increase astronomically when you have more than three.

Most Treatable

The basis for this portrait of the coronary-prone person is not the result of guesswork. It is, rather, a statistically valid finding from a research project under way since 1949 in Framingham, Mass., and this finding is being verified by other population studies throughout the nation, including one at Tecumseh, Mich.

In Framingham, 5,000 men and women were given thorough physical examinations, and then re-examined over the years. This program is scheduled to continue until 1980.

While the data are not yet complete, analysis gives a rather clear composite picture of those among the 5,000 who have had heart attacks.

Actually, this picture is hopeful because, with three exceptions, the factors which make a man a strong candidate for coronary disease are preventable, or treatable.

Shed The Habit
Our candidate cannot, of course, change his heredity, sex or age. He is stuck with these and the fact that he has them should provide him with a powerful motive to rid himself of the ones that are preventable.

Overweight, cigarette smoking and physical indolence are highly preventable.

Will power and the guidance of a physician can bring down or cause a long-time heavy smoker to shuck his habit . . . or an overweight person to reduce . . . or a physically indolent man to get out and take a walk. It may not be easy, but it can be done, says the Michigan Heart Association, a Michigan United Fund agency.

A high cholesterol level presents a tougher problem; no drug has yet been found which can safely and certainly reduce blood fats in all patients.

But there is increasing evidence that diets which replace

saturated fats (usually solid at room temperatures) with polyunsaturated fats (mostly fish and certain types of vegetable oils) can be quite helpful.

Never Too Late
As to high blood pressure, in most people it can be lowered and controlled with appropriate treatment, often including medication and diet. Here medical advice is essential.

One final point: It is never too late to start a risk reduction effort.

All this does not guarantee that a slim non-smoking woman with low blood fats and no hypertension cannot have a heart attack, the Association explains.

But it does mean that each of the listed factors is associated with America's leading killer, heart attack, and that the more factors present in any one person, the higher his risk.

And that all of us have it within our power to reduce the risk of becoming a victim of heart attacks.

War Confuses Youths

By RAY CROMLEY

LONG BEACH, Calif. (NEA) — The young man was sincere and patriotic, but he was nervous. His hands twisted as he talked. He was intent on making me understand what was troubling him. He loves his country. He despises communism. He is more conservative than liberal.

"But right now," he said, "I have a great deal of sympathy with those who oppose the war in Viet Nam."

"(President) Johnson seems to be running it to serve his political purposes and that is no good reason to be in a war—and to die."

"I don't know what to believe. I don't feel we're getting the truth. I've taken to reading pirated papers."

"I'm not going out and demonstrate. I don't believe that's the way to go at things. But I'm deeply, personally concerned."

In traveling along the East coast and to the West for a stint in Viet Nam and talking to people along the way, it became clear that this young man's attitude is not untypical among numbers of young people.

These are not the bearded, draft-card burners or way-out leftists. They're young men willing to serve their country in war. They believe in democracy. They're just not certain the Viet Nam war—the way it's run—is promoting democracy.

They're confused and worried. It was shocking on this trip to learn the depth of feeling and suspicion on the Viet Nam war among some educated, nonradical young men and women.

They are suspicious of the

war, as was this young man, primarily because of what they see as Johnson's political manipulations. They get the feeling of politics first. They see in the President's actions and statements an attempt to use the war for domestic political ends.

To these young people, there seems a political vote-catching tie-in with every action Johnson orders in Viet Nam.

They therefore don't believe what the State Department and the Pentagon report about the war. They suspect these statements too are aimed at winning U. S. elections.

Their minds are thus open for those who distort the picture in Viet Nam—opponents of the war with their own political or ideological aims to grind—who promise "true inside stories the regular press doesn't dare print" about what is going on in Viet Nam.

They hear from these dubious sources that the U. S. involvement in Viet Nam is not helping the Vietnamese.

They're deeply bothered by reports of corruption among officials, by stories of fixed elections, of civilians killed in bombings, of houses burned, by articles on Vietnamese who

don't want to fight and reports that the Vietnamese people just want to be left alone. They constantly read stories of intrigue among high Vietnamese generals. These stories don't tell the whole picture.

Viet Nam is too crucial a war to the Vietnamese and Americans to people not to have the confidence of any important segment of sincere, patriotic Americans.

Somehow it must be divorced from personal and partisan politics. Johnson and his cabinet can take the first step.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press 25 Years Ago

Thermometers at the U. S. Weather Bureau office in Escanaba had a range of nearly 80 degrees during September, 1941, from a high of 82 degrees on Sept. 22 to a low of 33 degrees on Sept. 28, exactly one week later.

The philanthropic committee of the Escanaba Woman's Club conducted its annual Tag Day. Mrs. Denis McGinn was in charge and members of the Mortarboard Society of the high school sold the tags.

As the result of an interview that appeared in the Press with J. Willard Waldstrom, manager of the Fair Store basement, telling of the shortage for the Christmas trade of all wood novelties, Arntsen Brothers secured samples of a number of novelties made of wood and will engage in the manufacture of the articles for the winter season.

Tirella Death An Accident, Is Claim Of Doris Duke

NEWPORT, R.I. (AP) — Tobacco heiress Doris Duke has told Newport police the death of Eduardo Tirella, 42, of Dover, N.J., last Friday as "accidental" and occurred in the process of "something we'd done a hundred times before."

Newport Police Chief Joseph A. Radice said Monday Miss Duke, 33, gave her account of the fatal accident to Lt. Frank H. Walsh at her "Rough Point" mansion on Bellevue Avenue in Newport Sunday.

Radice said Miss Duke told police she had been sitting on the passenger side of a late-model station wagon operated by Tirella as the car was leaving the grounds of the estate.

Miss Duke said when they reached the heavy gate, Tirella jumped out to open them and she shifted into the driver's seat to pull the car out into the street. "It was something we'd done a hundred times before," she told police.

"Suddenly the car leaped forward and I was on top of him," Miss Duke told Walsh.

Tirella, an interior decorator and actor who had been crushed against the iron gates and then dragged across Bellevue Avenue and pinned under the car when it struck a tree.

A medical examiner said he died instantly of brain injuries. Radice said the investigation of the incident was continuing and that he was awaiting the medical examiner's report on the victim before drawing any conclusions in the case.

Next to the family car, the average American's favorite mechanism is a camera.

Ann Landers

Tell The Slob That You'll Appreciate Call

Dear Ann Landers: I am not a grammar critic, but I have more than a passing interest in words. It always annoys me when a professional writer misuses a word. I vowed that the next time you did it I would write. Well, you did it—and here I am.

In a recent column you told some teen-agers who had saved their money to buy an orchid for Mother that "she should be terribly proud of you."

Terribly is an adverb meaning "in a formidable or frightening manner." In that same letter you told them they were awfully good kids. "Awfully" means filled with a feeling of terror or dread. Something can be awfully BAD, but not awfully good.

I trust you will print my letter and stand corrected.—MC OF OUR TOWN

Dear MC: Your letter sent me straight to the World Book Dictionary, which is always a useful experience. Thank you very much.

The preferred definition of "awfully" is precisely as you spelled it out. But the dictionary says "awfully" can also be used to describe a feeling of intensiveness. It can be a synonym for extremely or exceedingly.

The preferred definition of "terribly" is, as you say "in a frightening or formidable manner." But the second usage is "to a superlative degree."

So—I'm terribly glad that you wrote. It was awfully good of you.

Dear Ann Landers: Today another one of those letters appeared in your column that started out: "I'm 17 and pregnant." I don't think I've ever seen a letter that began: "I'm 20 and just had an abortion."

Well I am and I did. I am writing to say that the 17-year-old who wrote to you knew what she was talking about. The girl is 100 per cent responsible for herself and she'd better know it—from the very first kiss.

The best advice I can give (and believe me, today I'm an authority) is for a girl to save herself—not for her steady boy friend—or for her fiancé—but for her husband.

A high flying, free and easy approach to love is a hollow and meaningless substitute for the real thing. I only wish I could get this message across

to every girl who is thinking about trying, as I did, to obtain love-fulfillment through sex instead of the other way around. — CHILD OF THE GODS

Dear Child: You couldn't have said it better and I am grateful to you for writing.

Dear Ann Landers: Recently we moved into our new home. Last night we invited a few close friends to dinner even though we are far from settled.

We hadn't been at the dinner table five minutes when in popped my 30-year-old, unmarried sister-in-law with two people we had never seen before. My husband excused himself and gave the trio the grand tour. They stayed three hours just as if they had been invited.

Later I told my husband his sister had a lot of nerve. He said I was ungracious. I vowed that the next time she pulls that stunt I'll tell her off. Do you agree I would be justified?

Dear T.T.: Why wait until next time? Tell her now she is not free to fall in on you at her convenience—either alone or with spectators and that you'd appreciate a call in advance.

Too many starry-eyed lovers do not know the difference. Do you? Send for ANN LANDER'S booklet, "Before You Marry—Is It Love Or Sex?" enclosing with your request 30c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Henry Richards Taken By Death

Henry J. Richards, 84, of Brampton, died at 3 p.m. Monday at St. Francis Hospital where he was a patient for four days. He had been in ill health for one year.

Born May 26, 1882 in Escanaba, he was a retired track laborer for the C.N.W. Railroad. He was a member of St. Joseph's Church of Perkins.

He is survived by one brother, Joseph Richard of Brampton; three sisters, Mrs. Rose Williams of Victoria, B. C., Mrs. Virginia McCauley of Milwaukee and Mrs. Emma Bennette, Milwaukee. Several nieces and nephews also survive.

Friends may call at the Stradski Funeral Home after 4 p.m. Wednesday and parish prayers will be recited at 8 p.m. Wednesday. Funeral services will be conducted at 10 Thursday at St. Joseph's Church with Rev. Edward Malloy officiating. Burial will be in Fernwood Cemetery, Gladstone.

Liquor Sales May Be Voted

OAK PARK (AP) — A proposal to sell liquor by the glass in Oak Park may be placed on that city's ballot in November, the State Court of Appeals ruled Monday. The ruling, in favor of five appellants, overturned a decision by Oakland County Circuit Court.

School Robbed

DETROIT (AP)—About \$700 in cash and checks was stolen during the weekend from Beth Jacob School for Girls in Detroit, police reported.

Duck Hunters Enjoy 'Real Good' Opener

Michigan's duck season swung into its second day today after what game biologist Joseph Vogt of the Escanaba district termed one of the best opening days in recent history.

"Based on the hunters we talked to this was a real good opener," Vogt said. "There were quite a few more hunters than last year and a good number of birds."

Vogt reported that 129 hunters contacted yesterday at Portage Marsh between 11 a. m. and about 7 p. m. had a total of 205 ducks in about 300 hours of hunting. Average bag was 1.6 birds per hunter, up about 50 per cent from last year when the average bag on opening day was only 1.1 birds per hunter.

"Good hunting was also reported in the Ogonitz Bay area and off Gladstone and Masonville," Vogt said.

Hunters Pleased
"Hunters were generally pleased with the good number of birds," Vogt continued. "We had excellent hunting conditions. There were strong south and southwesterly winds which kept the birds flying most of the day."

Most plentiful bird, he said, was the green-winged teal with mallards next, followed closely by blackpeas. He said there were also quite a few gadwalls in the area.

"There were more birds present in the marsh before the shooting hour Monday than before the start of the teal season last month, indicating the special teal season didn't hurt the regular season," he said.

Vogt attributed the large number of birds available to a "real good local production this year and apparently a much better Canadian hatching because of water conditions."

"There was also good weather to stir the ducks up," he said.

Conservation Dept. figures show that the 11-year average bag per hunter on opening day was 1.3 birds, compared with 1.6 this year. Average bag per 100 shooting hours over 11 years was 37 birds, compared to yesterday's 68 birds.

Crippling Ratio High
"The only bad feature was that we had a high crippling loss of about 50 per cent," Vogt said. "That means about 100 birds were probably killed, but not retrieved."

He said the crippling loss was probably due to the large number of ducks moving, plus the high winds.

Conservation law officers also had a busy day Monday with five men arrested.

James F. Murray, 21, of 16 N. 7th St., Gladstone, was arrested about 9:30 a. m. in Portage Marsh and charged with having in possession a shotgun capable of holding more than three shells for hunting waterfowl (unplugged shotgun) and also with shooting before the opening hour. He was also arrested Monday afternoon at Stonington by conservation officers and a federal game agent and charged with the same unplugged gun violation.

Murray pleaded guilty to all three charges when arraigned before Justice A. J. Mortier. He was sentenced to pay fines of \$5 and court costs of \$7.30 on each count or serve five days in jail for each count. Failing to pay fines, he was lodged in the County Jail.

Murray's shotgun was confiscated.

Hunts From Boat
Orville R. Green, 30, also of 16 N. 7th St., Gladstone, was arrested with Murray and charged with shooting before opening hour. He was jailed for five days after pleading guilty and failing to pay \$15 fine and costs.

Wilhelm Nelson, 64, of Rte.

Briefly Told

The Escanaba Area Board of Education will meet at 8 p.m. today at the School Administration Building.

The regular meeting of Delta Chapter No. 118 will be held at the Masonic Temple Thursday at 7:30 p.m.

The Players de Nee will hold tryouts for the Broadway musical, Music Man Tuesday, Wednesday and Thursday at 7 p. m. in room 101 of Bay de Noc Community College.

The Delta County Ministerial Association will meet at the Immanuel Lutheran Church in Escanaba on Friday, Oct. 14 at 10 a. m. Members are asked to note the change of the hour.

Escanaba police investigated a complaint from St. Francis Hospital administration that an anonymous telephone caller (a woman) reported there was a bomb in the building. The phone call was received at the Hospital at 1:29 p.m. Monday. There was no bomb found and officers viewed the call as the act of a crank.

Susan Harris, 11, of 219 Stephenson Ave., suffered minor injuries when the car in which she was a passenger was involved in a collision at 23rd St. and Ludington at 9:28 p.m. Monday. Susan was riding in a car driven by Stanley P. Harris, 219 Stephenson Ave., who was ticketed for failing to yield the right of way. The other car was driven by Darrell P. Valiquette, Gladstone Rte. 1.

One hundred and forty-nine additional voter registrations were received at the office of City Clerk Don Guindon before the Saturday deadline, bringing the total registration in Escanaba to approximately 7,540. Absent voter ballot applications are available to 2 p.m. Nov. 5.

Hospital

Mrs. Emil Viau of 1516 N. 16th St. is a patient in St. Francis Hospital.

Mrs. John F. Dee has been released from St. Francis Hospital and is now at home, 1322 Ludington St.

1. Rapid River, paid fine of \$20 and \$7.30 costs after pleading guilty to a charge of possessing over the bag limit of ducks. He was arraigned by Justice Mortier after his arrest at 12:20 p. m.

Robert C. Borwegen, 36, Rte. 1, Ensign, paid a fine and costs of \$25 after pleading guilty before Mortier to a charge of shooting ducks from a moving motorboat, and Laverne E. Davison, 61, Rte. 1, Rapid River, paid fine of \$5 and costs of \$7.30 before Mortier after pleading guilty to a charge of shooting with an unplugged gun.

Other conservation arrests reported today include:

Kenneth L. Roberts, 18, Rte. 1, Gladstone, and Patrick N. DeGrand, 18, Rte. 1, Bark River, both charged with transporting an unlicensed gun in an automobile. Each paid fine and costs of \$15 when arraigned before Mortier Monday. They were arrested Sunday in Bark River Township, officers said.

John Hermesdorf, 20, of 610 S. 14th St., Escanaba, charged with making false statements in procuring resident small game and deer licenses. He paid a total of \$25 fine and costs before Justice Ross Davis. Conservation officers said he did not meet necessary residence requirements to obtain residence licenses.

Fishing Violation
John A. Gunnarson, 23, K. I. Sawyer, arrested in Marquette County on charge of using more fishing lines than permitted. He appeared before Justice Arthur Burkman of Gwinn and paid fine of \$10 and \$6.70 costs.

John P. Gilliam, 38, Rte. 1, Negaunee, arrested in Marquette County on charge of possessing ducks in closed season. Arraigned before Justice Haupt, he pleaded guilty and paid \$35 fine and \$6.70 costs.

Charles Jurvelin, 17, of Rte. 1, Negaunee, arrested in Marquette County on charge of taking migratory game birds during closed season. Arraigned before Justice Haupt, he pleaded guilty and paid \$15 fine and \$6.70 costs.

Cavanaugh Quits
DETROIT (AP) — Mark A. Cavanaugh, 55, who would have become director of the newly merged Wayne County Welfare Department Dec. 1, has resigned for personal reasons.

The new agency was created by merging the City of Detroit, county and state welfare agencies.

Thursday Lecture

DETROIT (AP) — Television humorist Sam Levenson will lecture at the Rackham Educational Memorial Auditorium Thursday night.

Johnson Named C.D. Officer

The Upper Peninsula swept the top two offices in the State Civil Defense Directors Association last week when Mason E. Johnson, Delta County civil defense director, was elected Vice President and Robert Marshall, Sault Ste. Marie, president.

The State Association held its annual convention in Battle Creek.

Conference delegates discussed community shelter planning, shelter managers, radiological monitoring, communications and the emergency broadcasting system.

Johnson said Delta County expects to have its emergency broadcast system completed early next year in cooperation with radio station WDBC.

Civil Defense directors also stressed participation in the Adult Education program which is designed to provide family survival information to at least one member of every family. First class in Delta County was recently completed under the direction of William Burrell Jr., State Adult Education coordinator for the Civil Defense program, Houghton.

Burrell expressed appreciation Tuesday for cooperation shown by Delta County in a letter to Board of Supervisors Chairman Charles Sedenquist, Wells.

Michigan's Draft Quota Is 1,500 Men In November

LANSING (AP) — Michigan draft boards will send 1,500 men aged 26 to 35 through physical examinations in November — first time since the Korean War this age group has been screened for possible military service.

Col. Arthur Holmes, State Selective Service director, added that Michigan local boards have not yet received authorization to induct men over 26.

But if the boards cannot fill draft quotas with men under 26, he said, they will be authorized to call the older men, youngest first.

Those being called in for examination, he said, all had their liability for service extended to age 35 because of previous deferments.

Draft boards currently are inducting both single men and married men with no children. Holmes said local boards report about 1,000 men over age 26 already have been found qualified for military service.

French-Soviets Sign For Joint Nuclear Research

MOSCOW (AP) — The Soviet Union and France have signed an agreement for joint nuclear research at a 70-billion electron-volt accelerator under construction near Moscow, an official announcement said today.

The signing of the document confirmed an agreement reached Oct. 1 for French participation in research at the accelerator being built in the town of Serpukhov.

France will provide a "miracle" research chamber with a capacity of 6,000 liters (about 1,600 gallons) of liquid hydrogen, the Soviet news agency Tass said.

The chamber, to be put into operation in 1969, will be used to study "the interaction of elementary particles," Tass said. Soviet equipment will provide a powerful beam of protons for the experiments.

Webb Says Reds May Lead U.S. To Moon Landing

NEW YORK (AP) — The Soviet Union has "a better chance now than two years ago" to land men on the moon ahead of the United States, says James E. Webb, National Aeronautics and Space Administration director.

The head of the American space program gave that estimate Monday as he predicted that the long period of Soviet inactivity in manned space flights would end "very soon."

Webb would not elaborate on his prediction but noted the Soviets were developing a booster rocket even larger than America's Saturn 5, which has a payload capability of 280,000 pounds.

However, he would not predict that the Soviet Union would beat the United States in landing a man on the moon.

The NASA chief spoke to newsmen before a luncheon address to the New York chapter of the National Security Industrial Association here.

Vote Ratifies Eaton Contract

KALAMAZOO (AP) — A union official said workers ratified a contract Monday and voted to return to work at the Fuller Transmission Division of Eaton, Yale and Towne, Inc., in Kalamazoo.

Norman Hutton, president of Local 822 of the Allied Industrial Workers, said 65 per cent of those voting approved a three-year contract. The 1,100 members of the local resumed their jobs with the midnight shift, ending a 40-day strike.

Hutton said the new contract provides for an immediate 5 cent hourly wage hike and for wage boosts of 8 cents hourly in the second and third years of the pact. Sick pay was increased from \$50 to \$65 weekly. Workers won a ninth paid holiday, Dec. 24, and increases from \$23 to \$26 a day in holiday pay.

A new cost-of-living clause provides for an automatic increase of 18 cents hourly over the three years, Hutton said, with other increases depending on upturns in living costs. Hutton estimated the value of the contract increases at 54 cents hourly over the three-year life of the pact.

Ratification of the pact ended a strike which began Aug. 31 when the union turned down a company offer on a three-year pact.

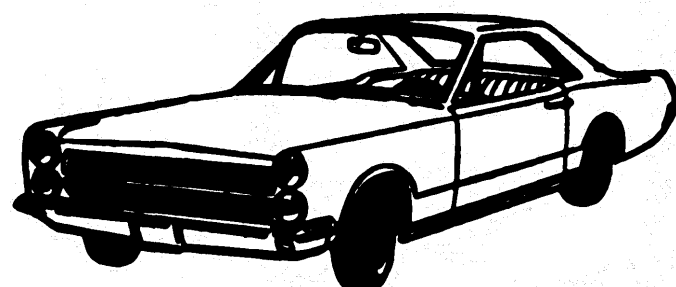

To Michigan

DETROIT (AP)—Dr. Harry W. Fischer, professor of radiology at State University of Iowa, has been named director of the radiology department at Wayne County General Hospital in suburban Detroit. He also has been named professor of radiology at the University of Michigan Medical School in Ann Arbor.

U. S. GOV'T GRADED CHOICE BEEF

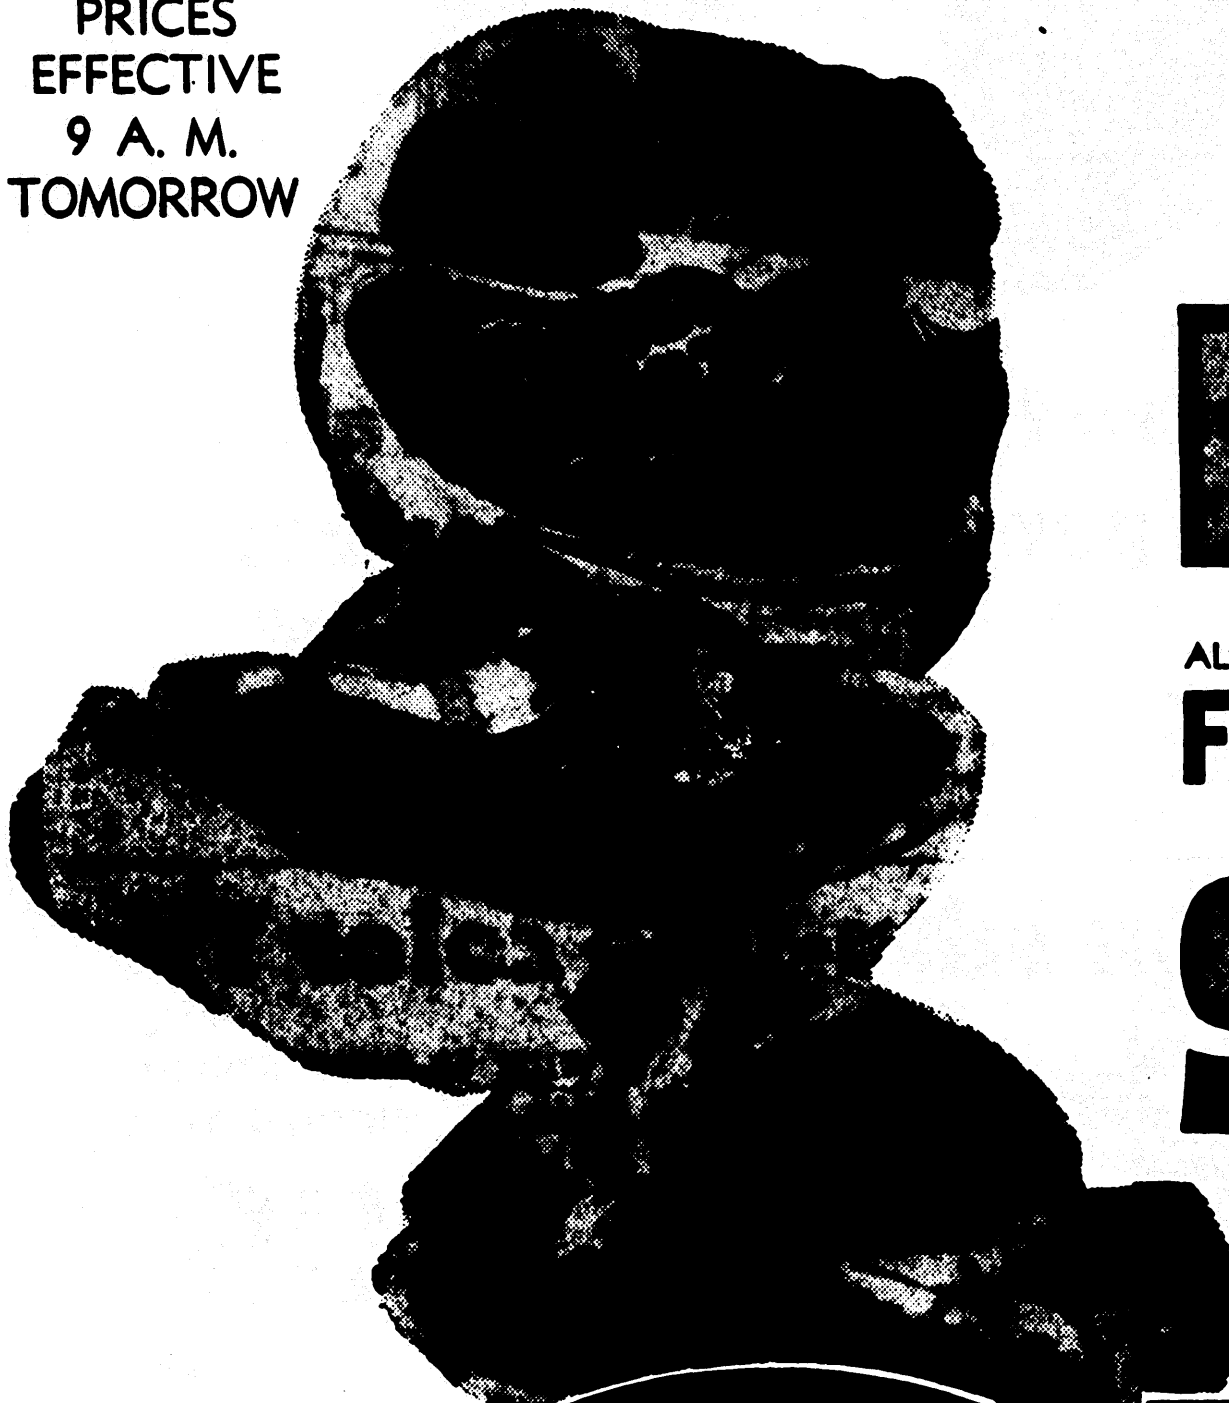

Only beef that is inspected and graded by the U.S. Government may be labeled U.S.D.A. CHOICE. You can identify U.S. Choice beef by its white and creamy fat, and by the generous amount of marbling, white fat tissues within the lean. U.S. CHOICE beef is regarded as excellent in flavor and tenderness. It requires less cooking time than other grades of beef. Miracle Markets guarantee that Beef sold as U.S.D.A. Choice is actually graded and labeled as such by the Federal Government

FAMILY FAVORITE THRIFTY BEEF

FAMILY FAVORITE THRIFTY QUALITY BEEF is not as wasty as "Choice or Prime" beef and has much more edible lean. Family Favorite beef is just as high in nutrition value as the most expensive grades of meat. FAMILY FAVORITE BEEF may be braised, broiled, roasted, or pan fried; with slow moderate heat. FAMILY FAVORITE BEEF is guaranteed for satisfactory flavor and tenderness at a medium price. It is comparable to U.S. Good and is often labeled U.S. Good. All meat sold at Miracle Markets is always government inspected for wholesomeness.

For The Museum:

Jr. Historians Have Old Still On Wanted List

Whatever became of the moonshine still, like Grandpa used to make back in the 1920's prohibition era?

Junior Historians of Iron River would like to know. They want one for the Iron River Museum.

"History doesn't have to be a dry subject," quipped Harold Bernhardt, Iron River High School history teacher and advisor to the Junior Historians, in talking to a group of Delta County young people and their history teachers at a meeting in the Escanaba Area Public High School Monday evening.

"We have a lot of fun in the things we do," said Bernhardt. "History is something moving and alive and lots of fun."

Visited Old Mine

The students go exploring down rivers in canoes and boats, hike along backwoods trails in pursuit of articles for the Museum, and last Sunday afternoon they visited an old silver mine.

"We have been doing this for seven years," said Bernhardt. "The parents have confidence in us. There are no discipline problems. Sometimes the parents volunteer to drive the cars, but more often it is the older students who drive."

The meeting was held in the Escanaba Area Public High School, was arranged by Charles Folio, and was sponsored by the Delta County Historical Society.

History teachers and students from Rock, Rapid River, and other communities were present.

"If we were, we would not be able to do many of the things we do—such as river canoe trips, or exploring to an abandoned silver mine on a Sunday afternoon," said Victor Brunamonti, the Junior Historians' president.

On the field trips the older students drive the family cars, Bernhardt is always in charge, and sometimes a few of the parents accompany the group.

"So far as I know we are the only Junior Historians in Michigan," said Bernhardt. "Our aim is to combine our activities with a historical approach. We work on projects for the Iron River Museum, which is an old mining building that will soon be opened, and we look for materials for it."

"We have a rather casual relationship with the Iron River Historical Society and I believe it should be closer," he said. Refreshments were served at the close of the meeting.

Judge Will Hear Powell Argument Before Sentence

NEW YORK (AP) — A trial judge has withheld pronouncing sentence in U.S. Rep. Adam Clayton Powell's criminal contempt conviction until he hears Powell's arguments that the case was out of the court's jurisdiction.

State Supreme Court Justice Matthew M. Levy said he would put off sentencing until he decides on the validity of the trial, boycotted by Powell and his attorneys.

The Negro congressman, found guilty by an all-white jury Monday of willfully disobeying five court orders in connection with a \$164,000 libel judgment against him, faces a maximum jail sentence of 150 days and a fine of \$125.

Justice Levy asked Powell's four-man legal staff to present its arguments for dismissal in addition to a pre-trial motion made before the four walked out of court last Wednesday.

Hermansville

Sportsman's Club

Officials of the William Anderson Sportsman's Club alarmed over the low water condition at the Hermansville Lake received word from Ned E. Fogle, District Fish Biologist, Crystal Falls, on plans for this winter.

"We know your water situation is bad. We have done considerable work in Menominee County this summer and the situation is bad all over the area," Fogle said.

"As soon as ice begins forming, I'll be down to look the situation over. I believe we're going to have to plan on keeping the ice open all we can this year because of the drought conditions," Fogle concluded.

Hermansville Lake has produced some excellent fishing this year and the club is alarmed over the water situation. Some 10,000 Bass and Bluegills were stocked in the Hermansville Lake early this summer.

The development of the Hermansville Lake as a fishing spot has been the main project of the William Anderson Club who have been working closely with the Conservation Department.

Gladstone News

Three Escape Serious Injury In Auto Rollover

Three young people escaped serious injury Monday when their car left County Rd 569 about six miles north of Perrenville and rolled over, State Police said.

Passengers, Karen K. Trevartha, 20, of Rte. 2, Crystal Falls, and Janet Bradley, 20, of Clio, were treated at St. Francis Hospital for minor injuries and released. Driver of the car, James D. Bradley, 19, also of Clio, was not injured. He was ticketed for violation of the basic speed law, too fast for conditions.

Briefly Told

Gladstone City Police ticketed Kenneth Berg, 914 Superior Ave., for failing to stop for a flashing red light.

Larceny of a 100-pound bottle gas cylinder from a camp northwest of Rock owned by Ken Maki of Gwin is under investigation by State Police.

A car driven by Seraphine Bressette, Marquette, struck a deer at 12:25 a.m. Monday on U.S. 2 and 41, about 2 1/2 miles east of County Rd. 569 in Ford River Township.

State Police issued traffic tickets Monday to Cheryl A. Lemerand, 1608 Washington Ave., Escanaba, no valid operator's license; Frank J. Lundberg, Rte. 1, Ensign, no proof of insurance; William F. Kuebler, Rte. 1, Gladstone, failed to stop for red light; James V. Ketchum, Rte. 1, Gladstone, speeding.

Clarence Goodman Heads Plant Tour

Marble Scores With Scope Sight

The Marble Game Getter Scope mount is one of the hottest items in the hunting equipment market, President Clarence Goodman of Marble Arms Corp. told Gladstone Rotarians on a tour of the new Marble plant on Monday.

The club members and their guests toured the plant in Gladstone's new Industrial Park after their luncheon at the Gladstone Yacht Club with Goodman, who is also general manager of the company, as guide.

The Game Getter telescope sight mount is unique and the answer to the hunter's hope that someone would invent a gadget that would permit him to use either the regular sights on his rifle, or the telescope sight, according to which would serve best under actual field shooting conditions.

The Game Getter scope mount has a tube at the bottom which can be used for sighting on the rifle's regular sights and above it is mounted the scope sight, so that either may be used instantly with no change of equipment. The name comes from Marble's long-famed game getter rifle with 22 caliber and 410 gauge barrels one stop the other.

"The mount has only been on the market a month, but we've sold 1,500 already," Goodman told the Rotarians.

They were impressed by what they saw on their visit to the new Marble factory, a 120 x 168 foot steel building with attractive stone front. It has an office suite, sales display room, workers lunchroom, stockroom, machine room, big manufacturing area, heat tempering room, grinding department, and stockroom and shipping department.

New Equipment

Marble has been in its new factory since May 1, when it vacated its old plant in midtown Gladstone. That plant was razed to make the site available for Eaton Yale & Towne, Inc.'s big new factory

and Marble equipped its new factory and had it humming in 30 days.

There is much new machinery in the plant — \$250,000 worth — and more to come and many operations which were once performed laboriously by hand-work, like the making of compass cases, are now performed mechanically by automated machinery. The brass bar stock goes in one end and the cases come out the other.

"When I first came here from Menominee to work for Marble Card in 1920," said Rotarian Hjalmer Anderson, I made drawings for Marble Arms and everything was done by hand. Now the automatic screw machines turn out products in a jiffy that took lots of time in the old days."

Sixty Employed

Marble Electric's other officers are William Clark, vice president; Clair J. Hoehn, secretary and Reuben Sjoquist, treasurer.

The plant has 60 persons employed now, double its payroll at the time it moved into its new plant last spring. The Marble sales line also includes compasses, gun cleaning kits, safesights (a new product that tells if your gun barrel is clean and unobstructed), knives, gunshots, including scopes, game calls and other hunting equipment.

City To Amend Weed Control

Meeting in short session Monday night, the City Commission took initial steps to amend the weed ordinance, making it a misdemeanor for property owners in violation of the ordinance.

Acting City Attorney Allen R. Briggs was asked to prepare the amendment for the next regular meeting Oct. 24. If satisfactory, the public hearing will be scheduled Nov. 28.

The proposed amendment would make it a misdemeanor if property owners fail to comply with Ordinance 333, which provides for cutting of weeds and undesirable vegetation on all vacant lots within the city.

Mindful that it is not feasible to mow wooded lots Mayor Frank Stupak said he felt that with power mowers available today cutting weeds at least three times a year would not inflict a hardship on anyone.

The Commission also accepted the low bid of Employers Mutual Inc., Escanaba, for fleet insurance for city vehicles in the amount of \$1,126. Hupy Insurance Agency, Gladstone, submitted the only other bid in the amount of \$1,336.

A petition to pave 17th St. from Dakota to Minneapolis Ave. was read and City Manager H. J. Henrikson will prepare a cost estimate for the next meeting. Public hearing was set for Nov. 14.

In other business, the Commission authorized the City Manager to appoint an election board for the November election and one wastewater operator to attend the training session in Iron River, Oct. 25-26.

It is unfortunate that this company has not moved an inch," said Paul Jennings, President of the AFL-CIO International Union of Electrical Workers.

"I think it is rather obvious that if there is no movement there is going to be a strike," Jennings added.

"No progress" was the report of Secretary of Labor W. Willard Wirtz and Secretary of Commerce John T. Connor after more than two hours of separate meetings with both sides Monday night.

Further talks are scheduled today.

South Koreans Sink Red Boat

SEOUL, Korea (AP) — A North Korean boat was sunk early today after it entered waters off the east coast of South Korea and opened fire on a pursuing South Korean patrol boat, the navy announced.

ARTHUR MOBERG, a visiting Rotarian from Escanaba, left, enjoys a Gladstone Rotary Club tour of the new Marble Arms Co. plant in Gladstone as guests of Clarence Goodman, president and general manager of the company, right. Here Moberg tries out a rifle fitted with Marble's new Game Getter Scope, whose unique mount permits use of the rifle's regular sights in a sighting tube beneath the telescope sight, or the scope sight above it. (Daily Press Photos)

South Koreans Sink Red Boat

SEOUL, Korea (AP) — A North Korean boat was sunk early today after it entered waters off the east coast of South Korea and opened fire on a pursuing South Korean patrol boat, the navy announced.

The Navy said there were no survivors from the North Korean vessel, which was believed carrying espionage agents.

A South Korean lieutenant was reported wounded in the leg.

Mrs. C. Watson Dies Monday

Mrs. Della Edith Watson, 85, of 1103 Minnesota Ave., died at St. Francis Hospital at 9:45 a. m. Monday. Mrs. Watson is the mother of Ron Watson, publisher of the Delta Reporter, and Genevieve Watson. She had been hospitalized for 3 weeks.

Mrs. Watson was born in Wabash County, Ind., April 21, 1881 and came to Gladstone from Detroit in 1947. Her husband, Charles, preceded her in death in 1923.

She was a member of Memorial Methodist Church and the Womens Society of Christian Service.

Other survivors include a step-daughter Mrs. Roger Goff, of Wabash, Ind., several nieces and nephews including Mrs. K. W. Schafhauser, of Martinsville, Ind., 10 grandchildren and 11 great grandchildren.

Friends may call at the Anderson-Johns Funeral Home after 4 p. m. Wednesday. Funeral services will be held at Memorial Methodist Church at 2 p. m. Thursday with the Rev. Clifford DeVore officiating. The body will be removed to the church one hour before the services. Burial will be in Fernwood cemetery.

MRS. INGRID MENARD mounts dials for compasses in the new Marble Arms plant. The press rivets the dial to the pin collar on which it rides. She stamps the parts together, whisks away any crumbs of metal with a blast of air and goes on to the next one. Marble compasses have been world famed for more than a half century.

Pictured as they prepare decorations for the ball are from left, Mrs. Marilyn Thorbjornsen, Mrs. Jack Savard, Mrs. James Noel, Mrs. Roland Peterson, Mrs. Albert Valind and Mrs. Ted Johnson. The Ball Room and the orchestra are being donated by the Terrace. (Daily Press Photo)

Powers-Spalding

Holy Name Society
The Holy Name Society of St. Francis Xavier parish met at the parish hall on Monday evening for the regular business meeting. Quarterly meetings are tentatively planned for next year.

For their November meeting the society will present Ray LaPorte who will give a talk on the poverty program. The Holy Name Society joined the St. Ann ladies to watch the colored slides shown by Father Paul Brien and for refreshments.

Altar Society
The St. Ann Altar Society of St. Francis Xavier parish held their regular monthly meeting on Monday evening at 8. Thirty-four members were present. Mrs. Wilfred Fleetwood read a letter on the Menominee County Deaenary. Workshop which will be held at Gaynet Hall, in Menominee on Sunday, Oct. 23.

A discussion on improvements of the Fall Festival were made and Mrs. John Schroeder was congratulated on her fine chairmanship of the event.

A report by Mrs. John Schroeder on the Fall Festival was made.

A program of colored slides on Taiwan was shown by Father Paul Brien. It was a very enjoyable program and he also displayed some items made in Taiwan. Refreshments were served by St. Mary's Circle.

The Parent Teachers Association will meet at the Powers-Spalding High School Thursday evening, Oct. 13 at 8. Teacher conferences begin at 7. The School Board members will be present to explain reorganization and answer any questions the public may want to ask. Refreshments will be served after the business meeting.

HINTS FROM Heloise

By HELOISE CRUSE

Dear Heloise:
I was about to discard my baby's playpen pad and crib bumper when I thought I could use them for something. They were too cute to throw away. There were elephants and bunnies in the pattern.

The idea came to me to make bibs from them. I bought a yard of terry cloth and started to work, using my old bibs as patterns. I put the bibs down on the material and plastic and cut them out the same size. I basted bias tape on by hand and extended it about six inches from the bib. Then I sewed them on the machine.

I must have made 30 bibs from one playpen pad which cost \$1.98 and crib bumper which cost the same. The terry cloth was only 79 cents, and since I already had the bias tape, it didn't cost anything. Heloise, these bibs were darling. I used them as a gift for a baby shower and they were the hit of the party.

They had a special meaning because I had made them myself with "TLC" (tender loving care). I had so much fun and felt so proud that I had saved.

Ann Beisler
Dear Heloise:
For a handy, temporary clothes hamper in baby's room, I folded half of the open end of a pillowcase over a hanger and pinned it. The hanger can be hung on the knob in back of the door or some other convenient place. Mrs. Bob Bramlage Jr.

Church Events

Rock River Methodist
Wednesday, Oct. 12, 8 p. m.—Meeting of the Women's Society of Christian Service at the church. The program will be on the United Nations. Mrs. Harold Dahlberg and Mrs. Robert Wickstrom will be the hostesses.

Rock

The Rock 4-H Club will hold its monthly meeting at the Lions clubhouse on Wednesday, Oct. 12, at 7 p. m. New officers will be elected for the winter season. Anyone wishing to join should attend this meeting.

Mr. and Mrs. Erick Helanus are staying with their daughter and son-in-law. Mr. and Mrs. Eugene Caviachoni in Iron Mountain. Mr. Helanus was recently discharged from St. Francis Hospital in Escanaba.

An important meeting pertaining to the water supply in Rock will be held at the Rock Town Hall on Thursday, Oct. 13, starting at 7 p. m. Ray LaPorte of Escanaba will be on hand. The matter of a village well for community water supply will be discussed and all village residents are urged to attend the meeting.

Edward Edick Guest Speaker At Webster PTA

The second meeting of the Webster P. T. A. was held Monday, Oct. 10 in the school gym. Edward Edick, Centennial committee member and former principal of the Escanaba Senior High School, addressed the group. His theme was, "The American High School Keeps the Door of Opportunity Open".

Among the highlights of his talk was the fact that the high school is an American institution and the only school of its kind in the world. He also pointed out that the State of Michigan is a leader in the establishment of the high school, setting a precedent for the nation in a lawsuit won in 1872 by the Board of Education in the city of Kalamazoo.

The regular business meeting included reports from the secretary and treasurer, Mrs. N. Larson and Mrs. V. K. Johnson. It was decided to hold a Halloween Carnival again this year and the date was set for Monday, Oct. 21. Mr. Ristved's sixth grade won room count and the attendance banner for October.

The meeting adjourned at 10:10 p. m. and was followed by a coffee hour. Hostesses for the evening were, Mesdames Livermore, Budden, Seidl and Berrigan, assisted by the Kindergarten mothers.

Parents Picket For Bus Service

MADISON HEIGHTS (AP)—A group of parents picketed Wilkinson Junior High School in Madison Heights Monday to protest a school board decision to eliminate bus service to Wilkinson and a nearby elementary school. Some 125 children would be affected by the decision.

Ed Taylor returned home Sunday from St. Joseph's Hospital in Menominee where he underwent eye surgery.

Mr. and Mrs. Eli Taylor

Mr. and Mrs. Thomas Auer (Mrs. Albert Weidum Photo)

Thomas Auers Mark Golden Anniversary

ROCK — Mr. and Mrs. Thomas Auer of Rock celebrated their golden wedding anniversary Sunday, Oct. 9 with a reception at the Finn Hall, west of Rock.

Mr. and Mrs. Auer were married in Negaunee on Oct. 9, 1916. Mr. Auer came from Finland in 1909 and arrived in Rock in 1910 after which time he was employed as a woods-worker. Mrs. Auer came to Rock in 1916 and following their marriage they were engaged in farming until retiring 18 years ago.

The Auers are the parents of one child, Sulo, who resides in Rock. They also have one grandchild, Mr. and Mrs. Bill (Karen) Demese and two grandchildren, Tony and Tommy of Brighton, Mich., who were present for the occasion.

Out of town guests attended from Detroit, Dukes, Waukegan, Palmer, Trenary, Cornell, Ishpeming, Escanaba and the surrounding area.

Schaffer

Hat Sale

On Wednesday and Thursday, Oct. 12 and 13 between the hours of 1 and 9 p. m., there will be a fall hat sale in the basement of the Sacred Heart Church in Schaffer sponsored by the ladies of the Altar Society.

visited with the Albert Dumas family in Lena, Wis. this week.

Mrs. Francis Gaudreault and son, Terry Jo made a business trip to Green Bay Thursday. Mrs. Phil Viau accompanied them.

Librarian Honored

DETROIT (AP)—The Detroit Public Library presented its 1966 memorial and fellowship award Sunday to James Dance, assistant coordinator of book selection for the library. He received a \$1,500 check and two months extra vacation for his activities in publicizing library activities.

When you add canned tomatoes to chili con carne, you may also want to add a suspicion of sugar.

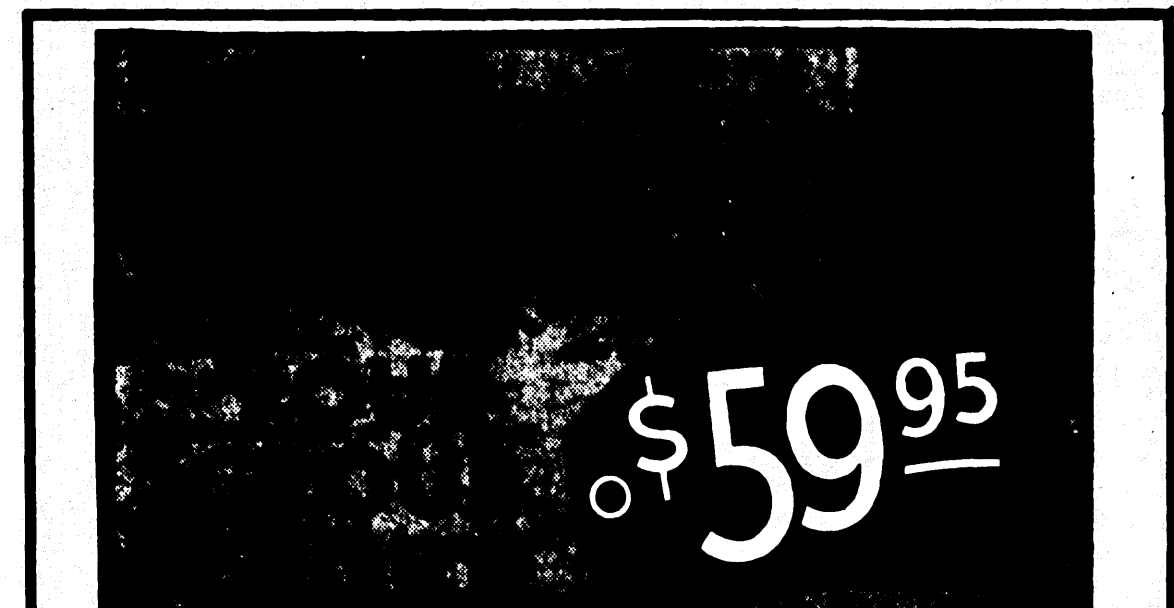

Rapid River

Esther Group

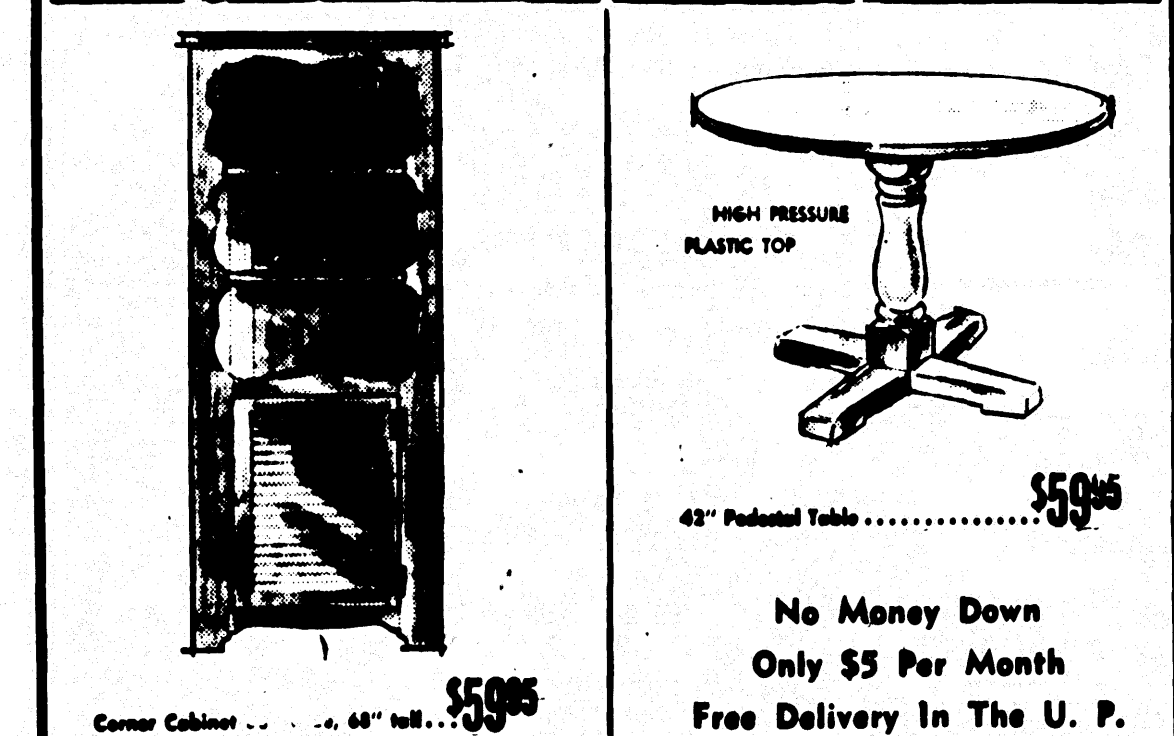

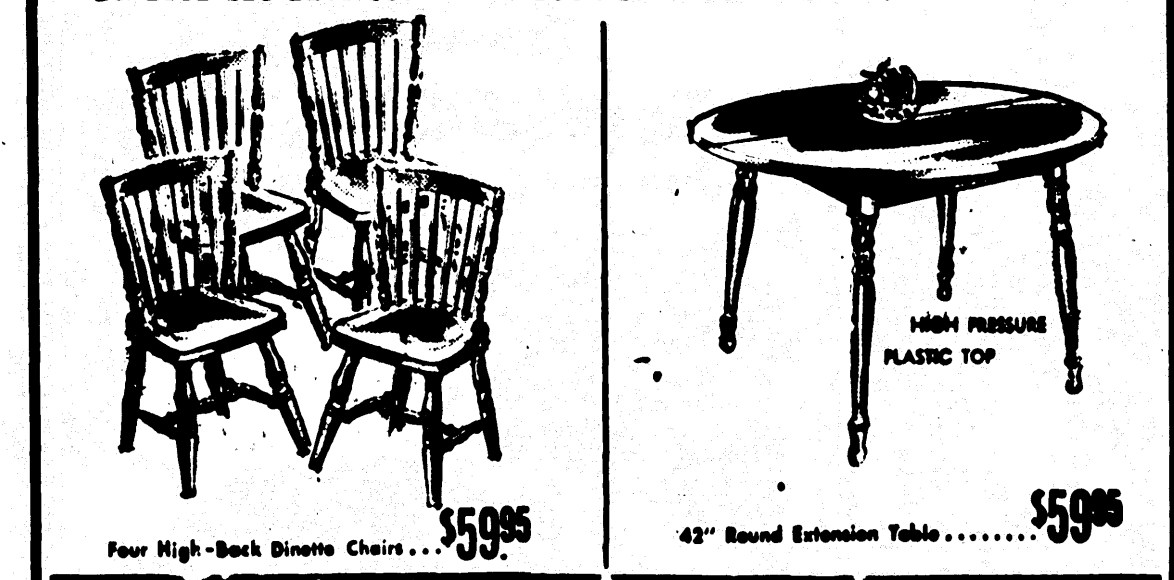

The Esther Unit of Rapid River's Calvary Lutheran LCW will meet Wednesday, Oct. 13 at 2 p. m. at the parish hall. Hostesses will be Mrs. Ernest Rushford and Mrs. Louis Coppick.

Autumn Tea

Rapid River Calvary Lutheran's Annual Autumn Tea will be held Thursday, Oct. 13, 7:30 p. m. at the church parish hall. The annual affair is sponsored by the LCW with Mrs. Lloyd Stenlund general chairman. All women, 70 years and older, residing in the Rapid River community and its surrounding area will be honored at the tea. The LCW of Gladstone's First Lutheran Church have also been invited for the evening program.

The individual advertisements on this page will contain the names of two football teams scheduled to play during the week. Read the ads carefully. Follow the simple rules of the contest. Entry blanks must be filled out correctly.

CONTEST RULES

1. This football contest is open to everyone except the employees of the Escanaba Daily Press and their families.
2. No contestant may submit more than one entry a week under his own or any other name.
3. List the winner you chose for each game on the numbered line corresponding to the number in the advertisement. Then write the name of the advertiser on the opposite line.
4. All entries must be completed by noon on the Friday of the week the games are played. They may be brought into the Press office or mailed. They must be in the Daily Press office not later than the time specified above. Address all entries to "Pick the Winner" Editor.
5. Tied scores must be so indicated on entry blank or they will be counted wrong.
6. Names of contest winners will be announced in the Daily Press on the Tuesday following the games.
7. In the event of a tie the entry with the first postmark will be judged the winner.

THE DECISION OF THE JUDGES IS FINAL!

Duffy Lashes Back At Spartan Critics

EAST LANSING (AP) — Coach Duffy Daugherty of Michigan State was playing defense Monday — fighting back against insinuations that the Spartans don't have an offense. "Sure, we have a great defense, but we also have a fine offense," he said. "In fact, it's part of the same team. They (offense and defense) eat the same food, practice on the same field and even speak to each other," Daugherty added. "I get upset when people belittle our offense," the coach declared. "Unless you throw the ball 25 or 30 times a game, your offense is unimaginative," he complained. "If we throw the ball 25 or 30 times we're going to lose." So far, the Spartans have averaged only 12 passes a game — and they have won four straight. They are ranked No. 1 in the nation. The big victory, of course, was Saturday's 20-7 triumph over archrival Michigan. "The players are bruised more than after any other game," said Daugherty, but he added that there were no serious injuries. Daugherty noted that MSU's offensive line consistently is playing against much heavier defensive lines "and teams know we're not going to blow them out of there."

Wolverines Seek Help From Reserve Players

ANN ARBOR (AP) — Michigan coaches Monday called up a player from the reserves in an attempt to strengthen a weak, offensive end position in the Wolverines. Junior Derrick Humphries of Detroit was placed as a backup man to offensive left end Warren Sipp of Akron, Ohio. Humphries will share backup duties with Roy Spencer of Chicago. Clayton Wilhite, who had been

starting as tight end, is out with a shoulder injury. Halfback Carl Ward of Cincinnati skipped Michigan's drills Monday because of flu. He is expected to play against Purdue next Saturday. The team was told that Roger (Rocky) Rosema, first string defensive end, may be recovered from a virus attack in time to start against Minnesota Oct. 22. Rosema, of Grand Rapids, has been out of action for almost two weeks. The strengthening of the offensive end spot is an apparent effort by coaches to find more pass receivers. The move comes at a time when opposing teams are tightly covering flanker Jack Clancy, who has caught 35 passes this season. "I've got to throw to the others because everyone is covering Clancy now," said quarterback Dick Vidmer. "Probably I should have gone to the others earlier," he said, "but I think I always look for Jack first because he has a way of getting open no matter how well he's covered."

Redskin Fans Adopt Bad Boy Looney As Their Grid Darling

WASHINGTON (AP) — Joe Don Looney may be football's bad boy but the controversial fullback already has become the darling of Washington Redskins' fans. Looney, acquired only a week ago after he was suspended by the Detroit Lions, drew loud applause from an otherwise listless crowd of 50,116 Sunday when the Redskins used him on a kick return team against the Atlanta Falcons. The crowd went wild when he was put into the game as a substitute for A. D. Whitfield with Washington on Atlanta's three-yard line. He satisfied their touchdown appetite when he crashed over for a score on his first carry from scrimmage as a Redskin. "I felt just like Cinderella," Looney said Monday. "I really felt good, knowing that I was helping the team." Washington acquired Looney, a 6-foot-3, 280-pounder, from the Lions for an undisclosed draft choice but many Redskins observers questioned the move. Looney, who celebrated his 24th birthday Monday, has had a reputation of being a trouble maker. Drafted No. 1 in 1963 by New York after an effective but rebellious college career — he was dropped from the Oklahoma team for disciplinary reasons — Joe Don ran into difficulty with the Giants and was traded to Baltimore where he lasted one season. Looney and a friend smashed in an apartment door in Baltimore, with Joe Don going to court and eventually to Detroit where Lions Coach Harry Gilmer thought he could handle the big fellow. Two weeks ago, Looney refused to return to action against the Atlanta Falcons saying he wasn't a messenger boy and that his back was injured. Gilmer decided he had had enough of Looney and traded him to Washington. Redskins' Coach Otto Graham, who had Looney in a College All-Star game, issued a carefully worded statement in which he said: "I am well aware of the trouble he had with other ball clubs, but I firmly believe that Looney will be a big addition to our football team."

Unbeaten Teams To Clash In U.P. Grid Headliner

Ironwood, Menominee Play Saturday Night

The Upper Peninsula prep football season heads into the home stretch with only two teams still boasting undefeated records, and those two outfits will clash head-on Saturday night.

Their perfect records marred by a tie apiece, Ironwood and Menominee will tangle on the Menominee gridiron in a game that could well decide the 1966 Upper Peninsula championship.

Two teams were chopped from the select list last weekend as Engadine and Stambaugh started defeat for the first time. Engadine was nipped by downstate Potoskey St. Francis, 6-0, after five previous victories this fall.

Crusaders idle Stambaugh, crippled by a string of injuries to key players, was nipped by arch rival Iron River, 14-8. The Hilltoppers had previously won three games and played a 7-7 tie with Menominee in the season opener Sept. 2.

The Holy Name Crusaders, one of six U. P. teams with 5-1 records, gets a rest this weekend. Coach Tom O'Neill's gridgers have two more contests on tap, hosting Munising Oct. 22 and Escanaba in the season finale Oct. 29.

The Escanaba Eskymos, working on a three game victory string after losing their first two starts this season, face a bitter rival in their Homecoming game Saturday. Marinette is the Escanaba opponent.

Fresh From Victory The Eskymos enter the game fresh from a 6-0 verdict over downstate Alpena, a team that was rated 14th in the state Class A poll last week.

Marinette, playing one of the toughest prep schedules in the region, has yet to win a game this year. The Marines battled Anigo to a 7-7 tie in their opener and came back with a 66 touchdown against Wausau in their next start.

After that the Marines lost three straight starts to midwest powers. Rockford East beat them, 31-13, Wisconsin Rapids sneaked out a 17-13 verdict and last week Eau Claire scored a 38-21 decision.

Manistique and Gladstone both play Great Lakes Conference games on the road this week. The Emeralds, who rallied from a 26-0 first quarter deficit to give Holy Name a stirring battle last Friday night, invade Newberry Friday night.

Coach Ron Rubick's gridgers have one victory in five starts, matching the season record of Coach Ken Haggart's Newberry Indians. Manistique's triumph came over Gladstone, Newberry's over Rudyard.

Coach Don Protenauer's Gladstone gridgers face the top team in the Great Lakes Conference standings when they travel to Negaunee Saturday night.

The Braves will carry an overall record of two victories against three defeats and one tie into the contest. Negaunee, stung 27-0 by Gwinn in the

Redskins Edge Alpha By 1-0

The Hermansville Redskins measured Alpha, 1-0, behind a brilliant one hit pitching performance by Randy Fochesato who fanned eight batsmen and didn't issue a walk. Alpha's lone hit was stroked by Ed Curtis with one out in the seventh inning. Tom Curtis went the distance on the Alpha mound and scattered six hits while fanning 11. Doug LaCourse had two hits and Tom Menard a double to pace Hermansville at the plate. Bark River at Pembine

In This Corner with Ray Crandall

The Menominee Maroons had their hands full fighting off Iron Mountain, 33-27, in a Great Northern Conference clash Saturday. The underdog Mountaineers battled the favored Maroons to a 20-20 standoff in the first half. And, trailing by one touchdown, they barged to the Menominee six yard line in the closing minute of action before surrendering the ball on downs. Tailback Pat Miller threw four touchdown passes to lead the Maroons to their fifth victory against one tie.

Sault Ste. Marie, bidding for the Great Lakes Conference championship, settled for a 13-13 deadlock with Marquette when the Blue Devils couldn't rain two feet in four tries as time ran out in the game. That cost them a tie for first place with Negaunee (4-1) in the Great Lakes standings. The Blue Devils battled to the Marquette two foot line but couldn't make it over the goal line in four downs.

Kingsford needed kickoff returns of 90 and 85 yards for touchdowns by Jim Oslund to get past an air minded Stephenson team, 39-15. The Eagles led, 15-12 at one stage of the game. The game resembled a Golden Gloves tournament in which the Flivvers were penalized 185 yards. They punted once on first down after four straight 15 yard penalties. Stephenson set a new single game Great Northern Conference record by completing 15 of 36 passes for 208 yards.

Marinette, Escanaba's Homecoming foe Saturday, spotted Eau Claire 19 points in the first quarter of their game and then came alive to challenge the highly ranked OM Abes before bowing, 38-21. Quarterback Bob Bartkowiak tossed touchdowns passes to Jim Chevette and Randy Begota and Chevette planned for the other tally for the Marines.

St. Ignace punched over two touchdowns on short yardage in the first quarter and held on for a 14-12 decision over downstate Rogers City in Straits-Huron Conference action. Mark McDonald provided the margin of victory with two successful conversion kicks.

Coach Dick Mettlich went all the way with his ground troops as Crystal Falls whipped Ontonagon, 29-6, in a Copper Country Conference clash. The Trojans galloped for 369 yards rushing and didn't complete a single pass. Halfback Jim Steinmetts reeled off 193 yards and three touchdowns in 26 carries. After losing two of their first three games to Houghton and Stambaugh, the defending U. P. champs have chalked up three straight Copper Country victories for a 4-2 overall record.

Marquette Baraga played L'Anse to a 6-6 tie in the first half but couldn't maintain the pace and lost its fifth straight game of the season, 20-8. L'Anse pulled it out in the second half on touchdowns by Karl Funke and Jerry Hofbauer.

Braves First In Run Here; Schram Winner

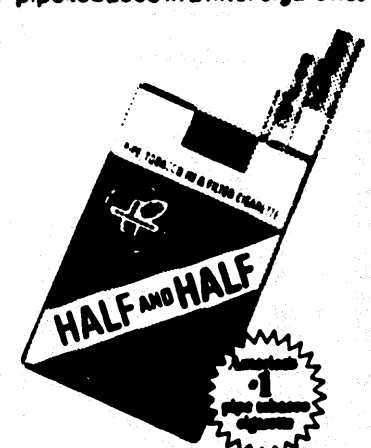

Gladstone won a triangular cross country meet at the Escanaba High School course Monday, finishing with 20 points to 51 for Escanaba and 57 for Marinette.

The Braves had the first two runners across the finish line with Steve Schram winning in 11 minutes 15.8 seconds. Gary Ellison was second. Rounding out the members of the winning Gladstone team were Jeff Schram, Bill Maramlick and Bill Hoehn.

Leading the Eskymos was Bob Swenson, who finished third. Other Eskymos among the leaders were Rick Anderson, Jerry Duchaine, Larry Anderson and Mike Beck.

Court Grants An Appeal In Libel Action By Butts

WASHINGTON (AP) — The Supreme Court granted Monday a Curtis Publishing Co. appeal from a \$480,000 judgment given Wallace Butts, former University of Georgia football coach, in a libel suit.

Butts sued Curtis for \$10 million in connection with a Saturday Evening Post article entitled "The Story of a College Football Fix." The article, published March 23, 1963, alleged Butts gave pregame football secrets to Paul Bryant, University of Alabama coach.

The 1962 Alabama-Georgia football game allegedly was involved. Alabama won 35-0.

A jury in U.S. District Court in Atlanta, Ga., awarded Butts \$3,000,000, but a federal judge ordered him to accept \$480,000. Curtis then appealed to the Supreme Court after lower federal courts denied the firm a new trial.

In its appeal, Curtis cited the Supreme Court's decision of March 9, 1964, in a New York Times case. The Times decision was that libel damages may not be awarded a public official for statements regarding his official conduct unless he proves actual malice. The Butts judgment was given prior to the Times decision.

No date was set for the hearing.

County Budget Is Adopted

The Schoolcraft Board of Supervisors Monday adopted a budget of \$211,446.67, approximately \$7500 greater than a year ago.

The budget includes \$5500 toward an employee retirement fund and \$1800 to share in cost of a new ambulance being purchased by the city.

A resolution was adopted setting fall tax levies in the county. Millages vary from .21 in Mueller township to .295 in Germfask.

Agreement was reached on increase of the pay to the sheriff for prisoner meals to 70¢ per meal. A resolution was passed regarding watercraft supervision through the sheriff's department.

Russell Bowersox and Thurman Skarritt Sr., were named to the hospital board of trustees. I. J. McLaughlin was reappointed to a 3-year term on the planning commission and O. J. Schuster and Dean Rhoads to one-year ex officio terms. Other appointments to the commission will be made later.

Merwin White, Harold Carlson and Leonard Walters were named to a committee to promote a one mill tax levy on which voters ballot Nov. 8.

A meeting is scheduled Friday between county officials, state aeronautics officials and Edison Sault Electric Co. relative to cost sharing on re-routing of a new Edison power line from the airport, where the firm has an easement.

Bids of Girvin Coal on stoker coal at \$14.80 per ton and Manistique Lumber and Coal Co. on lump coal at \$18.00 per ton were accepted. The bid of Standard Oil Co. on fuel oil at 12.5¢ per gallon, lowest of six received, was accepted.

Vern Bernard was appointed airport manager. Cost estimates will be asked on improvements for the north-south runway and toilet facilities.

Safety Patrols Are Tributed

Annual recognition for school safety patrols was held Sunday under sponsorship of the Veterans of Foreign Wars. A talk on the responsibility of patrol leaders and movies on fire detection and prevention were shown. Lunch was prepared by the VFW Auxiliary. Major award winners were Judy Barton, Larry Mersnick, Carole Kasun, Kathy Selling, Gail Schwartz and Sandy Johnson.

Briefly Told

Theft of gasoline from Cooks School in a break-in on the weekend is being investigated by State Police.

State Police ticketed Peter W. Born, East Lansing, driving left of center; Peter E. LeClaire, Baraga and Charles G. Thom, Jackson, speeding.

Bond of \$50 was forfeited in Justice Court by Stephen F. Hamilton of Garden City on a charge of furnishing alcoholic beverage to a minor.

Public Safety officers were called Saturday to the home of Maurice Reid when a fish shack burned. The fire started from a gas stove, officers said.

The Order of Runeberg meets at 8 p.m. today in the home of Atty. and Mrs. U. S. A. Heggblom. Movies of Florida, Alabama and Mississippi will be shown.

State Police gave a notice to appear to Emerald Mercier, 39, of Schaffer for expired chauffeur license after an accident Sunday at 8:15 p.m. on County Road 483, 2.5 miles south of U.S. 2. The car went in a ditch after a tire went flat, officers said.

A jury of six Monday found Ernest H. Deiry, 73, of Chicago guilty of failure to yield right of way. Deiry was ticketed by the Public Safety department following an accident Sept. 15 involving a motorbike. A not guilty plea was entered at the time. Fine of \$15 and costs of \$14.10 or a 3-day jail alternative were assessed. Deiry elected to serve the time.

UPCAP Program

Joseph Tuma, executive director, explained the UPCAP program and its plans for the future at the Rotary meeting Monday. Conferences have been held with city officials here, he said, relative to implementation of urban renewal and government housing programs. Other aspects of the program also were discussed.

Hospital

Admitted to Schoolcraft Memorial Hospital were Harold Caldwell, Florence Neff, Joyce Robare, Oscar Nelson, Frank Cook, Iva Archey, Grace Wilson, Barbara Mickelson and Ann Burnis.

Discharged were Robert MacCarney, Pearl Heric, Marie Grimley and Hilma Bauers.

Sap descends as well as ascends in trees. Descending sap takes nutrition from the leaves to the roots.

Ban On Pay TV Upset Remains

WASHINGTON (AP) — The Supreme Court let stand unchanged today a decision that California's ban on pay television for homes is unconstitutional.

The decision was given by California's Supreme Court, after the ban was approved in a statewide vote in November 1964.

The state court declared the prohibition invalid as an abridgement of the free speech guarantees of the California and U.S. constitutions.

Thomas C. Lynch, California attorney general, petitioned the highest tribunal to review and overturn the state court decision. His petition in support of validity of the law said it "merely prohibits a charge imposed upon persons in their homes to hear and see communications when disseminated by means of coaxial cables or through the airways."

The U.S. Supreme Court rejected Lynch's petition without comment. It noted that Justice Abe Fortas did not participate in today's action.

The California Supreme Court in its ruling took the view that the law improperly sought to deprive householders of the right to buy the programs if they wanted them.

Irish Climb In Grid Poll

By The Associated Press

Notre Dame crept into the second spot behind Michigan State in this week's Associated Press college football poll, but the Irish probably will have to wait until Nov. 19 for a chance to overtake the Spartans.

Notre Dame, third last week, led a shuffling of the places behind the Spartans by garnering 15 first place votes for 353 points after trouncing Army 35-0. Michigan State had 18 top votes and 369 points.

The Irish, 3-0, are expected to get by such teams as North Carolina, Oklahoma and Navy which could make their claim with the Spartans Nov. 19. Michigan State, 4-0, after handling Michigan 20-7, will be the choice to beat Purdue, No. 5, and some lesser lights in the Big Ten.

Waiting for either to slip will be Alabama, 3-0, which whopped Clemson 28-0 to move up a notch to third in its quest for a third straight national title.

UCLA, runner-up a week ago, tumbled to fourth after barely nipping Rice 27-24.

The national panel of 40 sports writers and broadcasters moved

Southern California and Nebraska each up a place to fifth and sixth, although the Trojans had trouble beating Washington 17-14. The Cornhuskers romped at Wisconsin 31-3.

Georgia Tech, 4-0, which dropped Tennessee, eighth last week, out of the Top Ten by beating the Volunteers 6-3, and Florida, 22-19 winner over Florida State, each jumped two places to seventh and eighth. Florida is 4-0.

Arkansas, fifth last week, also dropped out of sight after losing to Baylor 7-0, and the Bears, 3-1, used the victory to grab the 10th spot. Purdue's 35-0 triumph over Iowa gave it ranking with a 3-1 record.

Points are awarded on a basis of 10 for first place, 9 for second, etc.

The top 10, with first place votes in parentheses and total points on a 10-0-0 basis:

1. Michigan State (18) 369
2. Notre Dame (15) 353
3. Alabama (4) 300
4. UCLA (2) 288
5. Sou. Calif. (1) 214
6. Nebraska 196
7. Georgia Tech 174
8. Florida 112
9. Purdue 42
10. Baylor 38

Bauer Honored By Writers As Best Manager

BALTIMORE (AP) — Hank Bauer, surprised when his Baltimore Orioles won the World Series in a four-game sweep over the Los Angeles Dodgers, was not exactly astonished to be named American League Manager of the Year.

Bauer knows that capturing the pennant is almost tantamount to winning the award, although he led in the annual Associated Press balloting in 1964 after Baltimore finished third.

In the 1966 balloting by 380 baseball writers, Bauer was an overwhelming choice. He received 331 votes to 53 for runner-up Alvin Dark of the Kansas City Athletics.

"I believe I did a better job this year," Bauer said. "Because of injuries, I had to revise a lot of things we planned on, but we still went on to win. I had to do a lot of juggling with the pitchers."

Bauer used his bullpen crew effectively in support of starting pitchers who completed only 23 games all season.

Bauer, who previously managed at Kansas City for 14 years, took over the Orioles in 1964. Baltimore finished third during their first two seasons under the 44-year-old former New York Yankees' outfielder.

Before the start of the World Series last week, Bauer was signed to a new two-year contract calling for about \$80,000 a year.

Bauer said he never contemplated a managerial career—expecting to finish up in baseball as a coach—but jumped at the chance when offered the job by Charles O. Finley, owner of the Kansas City Athletics.

Asked last week to name the Manager of the Year, excluding himself from consideration, Bauer selected Dark for directing Kansas City to a seventh-place finish.

Coaching Legend Ends With Madigan's Death

OAKLAND, Calif. (AP) — The story of Slip Madigan, the man who brought national prominence to a little Christian Brothers college in California, has ended long after being recognized as a legend of an era never to return.

Edward Patrick Madigan, wealthy contractor, died Monday of a heart attack in his Oakland home. He was 70.

He made his fortune as a con-

tractor. But he made his fame as Slip Madigan, the man who brought national prominence to a little Christian Brothers college located in the verdant foothills of Moraga, near Oakland. They don't even play football there anymore.

Madigan coached the Gallopers from 1921 to 1940 and had a 108-41-11 record. He also coached two years at Iowa during World War II.

When Madigan, a former 165-pound center for Knute Rockne at Notre Dame, came to St. Mary's it was a school of 71 enrollment in downtown Oakland that had dropped football the year before because of a 127-0 loss to California.

It took a little time for Madigan to build up football at St. Mary's. But he was a thorough recruiter. He also was inventive. He gave away tickets to make it appear that the school was developing a following.

And he paid friends to sit in uniform on the bench to make it look as if the Geels had a larger squad.

In 1929, one year after the college moved to Moraga, Madigan had his best team, an undefeated powerhouse that held all opponents scoreless until the last game when Oregon scored six points. St. Mary's scored 31.

One year after that, Madigan began his annual train trip to New York for the Fordham game. Followers and fans made up the special train that took detours as far north as Montreal and as far south as Mexico City. One year, the junket somehow got to Havana, Cuba.

School officials and Madigan had a falling-out and he left in 1940 to become general manager of the new Golden Gate Fields race track.

Court Ducking Julie Andrews? 'Bugging' Case Well, She's Like Julie Andrews!

WASHINGTON (AP)—The Supreme Court refused Monday to step into an Illinois "bugging" dispute.

By a 6-3 vote it refused to review a decision by the Illinois Supreme Court that upheld use by an Illinois House commission of tape recordings made by electronic eavesdropping and telephone wire tapping devices. The devices were secreted in a Springfield, Ill., hotel room during the 1965 session of the General Assembly.

Six officials of the Chicago Currency Exchange Association, Inc., had asked the high tribunal to review and overturn the state court approval of use of the devices.

The Supreme Court majority said the appeal had to be dismissed "for want of a properly presented federal question."

By HAL BOYLE
NEW YORK (AP) — "I don't feel particularly steeped in philosophy today," said Julie Andrews, curling neatly in the sofa of her Park Avenue hotel suite. She wore a beige turtleneck ribbed sweater and beige and gray checked tweed trousers, and she looked impossibly lovely.

Although she was too beautifully mannered to say no, Julie didn't feel particularly like being interviewed either. It was a fine autumn afternoon, and what she wanted to do was go for a stroll and shop at a toy store for a new doll for her daughter, Emma, who will be 4 next month.

She came here for the premiere of "Hawaii," one of six

films she has done since 1962. "They kind of snowballed," she said, "and I was exhausted. But I feel fine now."

After a holiday of some weeks, she will start on a filmed biography of the late musical comedy star, Gertrude Lawrence.

"It's hard to portray someone else, particularly one so recently here," she remarked. "I never met her, but I feel I know her. The difficult thing, without doing a straight impersonation of the lady, will be trying to convey what an enormous personality she was."

At 31, Julie herself has become an enormous personality. She combines a cheery warmth with an unmistakable reserve, a bit as Alice in Wonderland might be if she had gone to Raddcliffe. She is no longer a childhood Cinderella, but a Cinderella growing used to life in the castle.

She still thinks of life as a quest, however.

"It's a search for the truth in it," she said, "to try to separate the real things from the unreal, to find out what one's personal values are. A sense of humor is awfully important, too."

Julie's perfect courtesy doesn't permit her to say anything mean about someone else — or anything unkind about herself. Asked what she thought her biggest fault was, she said, laughing:

"Most people seem to think I'm a sweet, kind, gentle lady who can work miracles and is good to everyone — and I am. I'd rather let others say what my faults are."

Her likes and dislikes?

"I like my daughter, California, potato sandwiches, work, sleep, the season of spring, Friday because it's the day before Saturday, the scent of lilacs, wearing white clothing, and blues and coral colors for fun; textured things in fabrics and paintings, rain, being with close friends. I adore the smell of gasoline and subway stations and most of all, the smell of earth in a greenhouse with the thermostat turned up."

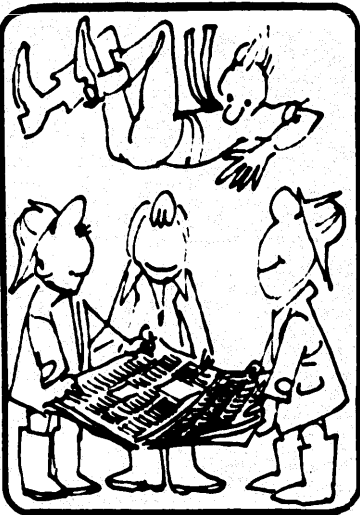

"I dislike traffic jams, too much heat in homes, bitter chocolate, bird of paradise flowers, the sound of police sirens, big parties — they drive me up the wall — and mothers who force their small children to look at 'Mary Poppins'."

As the interview ended, her perfect courtesy again came to the fore.

"I hope," she said, "I haven't been too facetious."

What is Julie Andrews really like? She's really like Julie Andrews.

Newspapers make a BIG difference in people's lives.

NATIONAL NEWSPAPER WEEK-OCT. 9-15, 1966

Elections '66 Are Highlight On NET This Week

MARQUETTE—Implications of key senatorial and gubernatorial races in November's off-year elections will be analyzed by newsmen from all around the country on "Regional Report: Elections '66," to be presented at 8 p. m. Wednesday by WNMN-TV, Northern Michigan University's educational television network.

Other highlights on WNMN-TV's program schedule for the week:

"Rooms," a ballet by Anna Sokolow, at 8 p. m., tonight.

"Minneapolis Symphony II," at 9:30 p. m., Friday. The hour-long program is a part of National Educational Television's 1966 "Festival of Arts," series, and will feature Tchaikovsky's well-known "Symphony No. 5 in E Minor."

Viet Cong Blast Discourages Pope

VATICAN CITY (AP) — The Viet Cong blast against Pope Paul VI's peace appeal and his special delegation to Saigon caused a sense of discouragement at the Vatican Monday.

A spokesman in the Vatican press office called the Viet Cong criticism "an ugly element in this situation."

The spokesman denied as totally unfounded the charge by the Viet Cong's Liberation Press Agency that the papal delegation, which returned from Saigon Sunday, had tried to intimidate the Vietnamese people.

Curing its 11-day stay in Saigon the delegation sought to improve relations between Roman Catholics and Buddhists in South Viet Nam and urged the country's Catholics to cooperate with the Buddhists and work for peace.

High Court Will Hear Walker Case

WASHINGTON (AP) — The Supreme Court agreed Monday to review a \$500,000 judgment won in a Fort Worth, Tex., state court by former Maj. Gen. Edwin A. Walker in a libel suit against The Associated Press.

The suit was based on AP's account of Walker's activities during rioting at the University of Mississippi in 1962. The disorder was occasioned by admission into the university of James Meredith, Negro.

This is one of 15 actions instituted by Walker against The Associated Press and various newspapers throughout the United States seeking damages aggregating \$33,250,000. All actions are based on accounts of Walker's activities on the University of Mississippi campus.

No date was set for the hearing.

Australia Ends Her Isolation

MANILA (AP) — Australia's presence at the Manila summit conference on Viet Nam will be another demonstration that the island continent's historic isolation from Asia is over.

The dynamic nation is the third largest foreign contributor to the Viet Nam war effort, an indication of its emergence since the World War II as a political and economic force in Asia.

Before the Japanese gobbled up Southeast Asia, Australia had little or no contact with the area it called "the Far East." Today the Far East is called "the Near North" and Australians are very aware of what is going on among the 1.5 billion people who live within 4,000 miles of the land Down Under.

The Aussies have 4,500 troops in South Viet Nam, a large airbase at Butterworth near Penang on the west coast of Malaysia, and jet fighter units in northeast Thailand.

Australia has maintained 4,000 men in Malaysia for almost 10 years. They first helped put down the Communist terrorist movement in the '50s and later fought Indonesian guerrillas in the confrontation between Malaysia and Indonesia.

But it is in the field of trade that the Australians are making the biggest impact. Asia now accounts for 30 per cent of Australia's total overseas trade. In 10 years, trade with Asia has leaped from \$620 million to \$1.58 billion.

Japan accounts for 45 per cent of this trade. It is Australia's best customer after Britain.

Although Australia has a population of only 12 million, it is starting to export capital and invest in joint ventures in Asia, notably in Malaysia, Thailand and the Philippines.

In two decades Australia has handed out close to a billion dollars in aid to Asian countries under such schemes as the Colombo Plan and the Southeast Asia Treaty Organization. Australia gives its aid as grants which do not have to be repaid. It is also spending \$22 million in a military assistance program with Malaysia.

Australia has recently turned to the United States for warships and other interchangeable military equipment.

Australians say proudly that whatever they get, they pay for. They are paying \$120 million for three guided-missile frigates.

The army is being built up to 40,000 men in anticipation of a long haul in Viet Nam and the defense budget was increased this year to \$864 million with the prospect that it will reach a billion within 10 years.

Calumet Girl Is Killed Sunday In Hunting Mishap

CALUMET (AP) — Susan Grahek, 17, of Laurium, was killed Sunday when a rifle held by a brother accidentally discharged, police reported.

Miss Grahek was shot in the back of the head with a .22 caliber magnum as she sat in the front seat of a car. Police said her brother, Anthony, 23, was sitting in the back seat unloading the rifle when it went off.

Police said the brother and sister were in a party of five people who had been hunting in the Copper Harbor area.

Approve Merger

NEW YORK (AP) — Stockholders of Phillips-Van Heusen Corp. of New York and Joseph & Feiss Co. of Cleveland overwhelmingly approved a merger of the two firms Monday. Phillips-Van Heusen makes men's and women's apparel and operates retail stores. Joseph & Feiss makes men's clothing.

Perspire too much? Try new Super-Dry!

Full strength anti-perspirant! At last an anti-perspirant deodorant so powerful it works even for those who perspire too much, yet is gentle to normal skin and clothing—new Super-Dry!

Users rave! "Super-Dry is the only anti-perspirant that works for me. I have a real perspiration problem, especially when I'm nervous," says Mrs. E. M. Olson, Columbus, Neb. "I need a good deodorant anti-perspirant. I never found anything before Super-Dry that took care of both," says Mr. J. L. Moore, Wayne, N. J.

What makes Super-Dry so effective? A unique formula that controls the flow of perspiration, plus an exclusive surface active ingredient for complete coverage of the underarm area. Enjoy new peace of mind. Get Ever-Dry® Super-Dry today! 90-day supply \$3.00.

New SUPER-DRY with active moisture control
